

Subpart C—Eligible Activities

§ 570.200 General policies.

(a) *Determination of eligibility.* An activity may be assisted in whole or in part with CDBG funds only if all of the following requirements are met:

(1) *Compliance with section 105 of the Act.* Each activity must meet the eligibility requirements of section 105 of the Act as further defined in this subpart.

(2) *Compliance with national objectives.* Grant recipients under the Entitlement and HUD-administered Small Cities programs must certify that their projected use of funds has been developed so as to give maximum feasible priority to activities which will carry out one of the national objectives of benefit to low and moderate income families or aid in the prevention or elimination of slums or blight; the projected use of funds may also include activities which the recipient certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. Consistent with the foregoing, each recipient under the Entitlement and HUD administered Small Cities programs must ensure, and maintain evidence, that each of its activities assisted with CDBG funds meets one of the three national objectives as contained in its certification. Criteria for determining whether an activity addresses one or more of these objectives are contained at § 570.208.

(3) *Compliance with the primary objective.* The primary objective of the Act is described in section 101(c) of the Act. Consistent with this objective, Entitlement recipients and recipients of the HUD-administered Small Cities program in Hawaii must ensure that over a period of time specified in their certification not to exceed three years, not less than 70 percent of the aggregate of CDBG fund expenditures shall be for activities meeting the criteria under § 570.208(a) or § 570.208(d)(5) or (6) for benefiting low- and moderate-income persons; Insular area recipients must meet this requirement for each separate grant. The requirements for the HUD-administered Small Cities program in New York are in § 570.420(e)(2). Additional requirements for the HUD-administered Small Cities program in Hawaii are in § 570.430(e). In determining the percentage of funds expended for such activities:

(i) Cost of administration and planning eligible under § 570.205 and § 570.206 will be assumed to benefit low and moderate income persons in the same proportion as the remainder of the CDBG funds and, accordingly shall be excluded from the calculation;

(ii) Funds deducted by HUD for repayment of urban renewal temporary loans pursuant to § 570.802(b) shall be excluded;

(iii) Funds expended for the repayment of loans guaranteed under the provisions of subpart M shall also be excluded;

(iv) Funds expended for the acquisition, new construction or rehabilitation of property for housing that qualifies under § 570.208(a)(3) shall be counted for this purpose but shall be limited to an amount determined by multiplying the total cost

(including CDBG and non-CDBG costs) of the acquisition, construction or rehabilitation by the percent of units in such housing to be occupied by low and moderate income persons.

(v) Funds expended for any other activities qualifying under § 570.208(a) shall be counted for this purpose in their entirety.

(4) *Compliance with environmental review procedures.* The environmental review procedures set forth at 24 CFR part 58 must be completed for each activity (or project as defined in 24 CFR part 58), as applicable.

(5) *Cost principles.* Costs incurred, whether charged on a direct or an indirect basis, must be in conformance with OMB Circulars A-87, "Cost Principles for State, Local and Indian Tribal Governments"; A-122, "Cost Principles for Non-profit Organizations"; or A-21, "Cost Principles for Educational Institutions," as applicable.¹ All items of cost listed in Attachment B of these Circulars that require prior Federal agency approval are allowable without prior approval of HUD to the extent they comply with the general policies and principles stated in Attachment A of such circulars and are otherwise eligible under this subpart C, except for the following:

(i) Depreciation methods for fixed assets shall not be changed without HUD's specific approval or, if charged through a cost allocation plan, the Federal cognizant agency.

(ii) Fines and penalties (including punitive damages) are unallowable costs to the CDBG program.

(iii) Pre-award costs are limited to those authorized under paragraph (h) of this section.

(b) *Special policies governing facilities.* The following special policies apply to:

(1) *Facilities containing both eligible and ineligible uses.* A public facility otherwise eligible for assistance under the CDBG program may be provided with CDBG funds even if it is part of a multiple use building containing ineligible uses, if:

(i) The facility which is otherwise eligible and proposed for assistance will occupy a designated and discrete area within the larger facility; and

(ii) The recipient can determine the costs attributable to the facility proposed for assistance as separate and distinct from the overall costs of the multiple-use building and/or facility. Allowable costs are limited to those attributable to the eligible portion of the building or facility.

(2) *Fees for use of facilities.* Reasonable fees may be charged for the use of the facilities assisted with CDBG funds, but charges such as excessive membership fees, which will have the effect of precluding low and moderate income persons from using the facilities, are not permitted.

(c) *Special assessments under the CDBG program.* The following policies relate to special assessments under the CDBG program:

(1) *Definition of special assessment.* The term "special assessment" means the recovery of the capital costs of a public improvement, such as streets, water or sewer lines, curbs, and gutters, through a fee or charge levied or filed as a lien against a parcel of real estate as a direct result of benefit derived from the installation of a public improvement, or a one-time charge made as a condition of

access to a public improvement. This term does not relate to taxes, or the establishment of the value of real estate for the purpose of levying real estate, property, or a dvalorem taxes, and does not include periodic charges based on the use of a public improvement, such as water or sewer user charges, even if such charges include the recovery of all or some portion of the capital costs of the public improvement.

(2) *Special assessments to recover capital costs.* Where CDBG funds are used to pay all or part of the cost of a public improvement, special assessments maybe imposed as follows:

(i) Special assessments to recover the CDBG funds may be made only against properties owned and occupied by persons not of low and moderate income. Such assessments constitute program income.

(ii) Special assessments to recover the non-CDBG portion may be made provided that CDBG funds are used to pay the special assessment in behalf of all properties owned and occupied by low and moderate income persons; except that CDBG funds need not be used to pay the special assessments in behalf of properties owned and occupied by moderate income persons if the grant recipient certifies that it does not have sufficient CDBG funds to pay the assessments in behalf of all of the low and moderate income owner-occupant persons. Funds collected through such special assessments are not program income.

(3) *Public improvements not initially assisted with CDBG funds.* The payment of special assessments with CDBG funds constitutes CDBG assistance to the public improvement. Therefore, CDBG funds may be used to pay special assessments provided:

(i) The installation of the public improvements was carried out in compliance with requirements applicable to activities assisted under this part including environmental, citizen participate on and Davis-Bacon requirements;

(ii) The installation of the public improvement meets a criterion for national objectives in § 570.208(a)(1), (b), or (c); and (iii) The requirements of § 570.200(c)(2)(ii) are met.

(d) *Consultant activities.* Consulting services are eligible for assistance under this part for professional assistance in program planning, development of community development objectives, and other general professional guidance relating to program execution. The use of consultants is governed by the following:

(1) *Employer-employee type of relationship.* No person providing consultant services in an employer-employee type of relationship shall receive more than a reasonable rate of compensation for personal services paid with CDBG funds. In no event, however, shall such compensation exceed the equivalent of the daily rate paid for Level IV of the Executive Schedule. Such services shall be evidenced by written agreements between the parties which detail the responsibilities, standards, and compensation.

2) *Independent contractor relationship.* Consultant services provided under an independent contractor relationship are governed by the procurement

requirements in 24 CFR 85.36, and are not subject to the compensation limitation of Level IV of the Executive Schedule.

(e) *Recipient determinations required as a condition of eligibility.* In several instances under this subpart, the eligibility of an activity depends on a special local determination. Recipients shall maintain documentation of all such determinations. A written determination is required for any activity carried out under the authority of §§ 570.201(f), 570.201(i)(2), 570.201(p), 570.201(q), 570.202(b)(3), 570.206(f), 570.209, and 570.309.

(f) *Means of carrying out eligible activities.* (1) Activities eligible under this subpart, other than those authorized under § 570.204(a), may be undertaken, subject to local law:

(i) By the recipient through:

(A) Its employees, or

(B) Procurement contracts governed by the requirements of 24 CFR 85.36; or

(ii) Through loans or grants under agreements with sub recipients, as defined at § 570.500(c); or

(iii) By one or more public agencies, including existing local public agencies, that are designated by the chief executive officer of the recipient.

(2) Activities made eligible under § 570.204(a) may only be undertaken by entities specified in that section.

(g) *Limitation on planning and administrative costs.* No more than 20 percent of the sum of any grant, plus program income, shall be expended for planning and program administrative costs, as defined in §§ 570.205 and 507.206, respectively. Recipients of entitlement grants under subpart D of this part shall conform with this requirement by limiting the amount of CDBG funds obligated for planning plus administration during each program year to an amount no greater than 20 percent of the sum of its entitlement grant made for that program year (if any) plus the program income received by the recipient and its sub-recipients (if any) during that program year.

(h) *Reimbursement for pre-award costs.* The effective date of the grant agreement is the program year start date or the date that the consolidated plan is received by HUD, whichever is later. For a Section 108 loan guarantee, the effective date of the grant agreement is the date of HUD execution of the grant agreement amendment for the particular loan guarantee commitment.

(1) Prior to the effective date of the grant agreement, a recipient may incur costs or may authorize a sub recipient to incur costs, and then after the effective date of the grant agreement pay for those costs using its CDBG funds, provided that:

(i) The activity for which the costs are being incurred is included in a consolidated plan action plan or an amended consolidated plan action plan (or application under subpart M of this part) prior to the costs being incurred;

(ii) Citizens are advised of the extent to which these pre-award costs will affect future grants;

(iii) The costs and activities funded are in compliance with the requirements of this part and with the Environmental Review Procedures stated in 24 CFR part 58;

(iv) The activity for which payment is being made complies with the statutory and regulatory provisions in effect at the time the costs are paid for with CDBG funds;

(v) CDBG payment will be made during a time no longer than the next two program years following the effective date of the grant agreement or amendment in which the activity is first included; and

(vi) The total amount of pre-award costs to be paid during any program year pursuant to this provision is no more than the greater of 25 percent of the amount of the grant made for that year or \$300,000.

(2) Upon the written request of the recipient, HUD may authorize payment of pre-award costs for activities that do not meet the criteria at paragraph(h)(1)(v) or (h)(1)(vi) of this section, if HUD determines, in writing, that there is good cause for granting an exception upon consideration of the following factors, as applicable:

(i) Whether granting the authority would result in a significant contribution to the goals and purposes of the CDBG program;

(ii) Whether failure to grant the authority would result in undue hardship to the recipient or beneficiaries of the activity;

(iii) Whether granting the authority would not result in a violation of a statutory provision or any other regulatory provision;

(iv) Whether circumstances are clearly beyond the recipient's control; or

(v) Any other relevant considerations.

(i) *Urban Development Action Grant*. Grant assistance may be provided with Urban Development Action Grant funds, subject to the provisions of subpart G, for:

(1) Activities eligible for assistance under this subpart; and

(2) Notwithstanding the provisions of § 570.207, such other activities as the Secretary may determine to be consistent with the purposes of the Urban Development Action Grant program.

(j) *Constitutional prohibition*. In accordance with First Amendment Church/State Principles, as a general rule, CDBG assistance may not be used for religious activities or provided to primarily religious entities for any activities, including secular activities. The following restrictions and limitations therefore apply to the use of CDBG funds.

(1) CDBG funds may not be used for the acquisition of property or the construction or rehabilitation (including historic preservation and removal of architectural barriers) of structures to be used for religious purposes or which will otherwise promote religious interests. This limitation includes the acquisition of property for ownership by primarily religious entities and the construction or rehabilitation (including historic preservation and removal of architectural barriers) of structures owned by such entities (except as permitted under paragraph (j)(2) of this section with respect to rehabilitation and under paragraph (j)(4) of this section with respect to repairs under taken in connection with public services) regardless of the use to be made of the property or structure. Property owned by primarily religious entities may be acquired with CDBG funds at no more than fair market value for a non-religious use.

(2) CDBG funds may be used to rehabilitate buildings owned by primarily religious entities to be used for a wholly secular purpose under the following conditions:

(i) The building (or portion thereof) that is to be improved with the CDBG assistance has been leased to an existing or newly established wholly secular entity (which may be an entity established by the religious entity);

(ii) The CDBG assistance is provided to the lessee (and not the lessor) to make the improvements;

(iii) The leased premises will be used exclusively for secular purposes available to persons regardless of religion;

(iv) The lease payments do not exceed the fair market rent of the premises as they were before the improvements are made;

(v) The portion of the cost of any improvements that also serve a non-leased part of the building will be allocated to and paid for by the lessor;

(vi) The lessor enters into a binding agreement that unless the lessee, or a qualified successor lessee, retains the use of the leased premises for a wholly secular purpose for at least the useful life of the improvements, the lessor will pay to the lessee an amount equal to the residual value of the improvements;

(vii) The lessee must remit the amount received from the lessor under paragraph (j)(2)(vi) of this section to the recipient or sub recipient from which the CDBG funds were derived. The lessee can also enter into a management contract authorizing the lessor religious entity to use the building for its intended secular purpose, e.g., homeless shelter, provision of public services. In such case, the religious entity must agree in the management contract to carry out the secular purpose in a manner free from religious influences in accordance with the principles set forth in paragraph (j)(3) of this section.

(3) As a general rule, CDBG funds may be used for eligible public service to be provided through a primarily religious entity, where the religious entity enters into an agreement with the recipient or sub recipient from which the CDBG funds are derived that, in connection with the provision of such services:

(i) It will not discriminate against any employee or applicant for employment on the basis of religion and will not limit employment or give preference in employment to persons on the basis of religion;

(ii) It will not discriminate against any person applying for such public services on the basis of religion and will not limit such services or give preference to persons on the basis of religion;

(iii) It will provide no religious instruction or counseling, conduct no religious worship or services, engage in no religious proselytizing, and exert no other religious influence in the provision of such public services;

(4) Where the public services provided under paragraph (j)(3) of this section are carried out on property owned by the primarily religious entity, CDBG funds may also be used for minor repairs to such property which are directly related to carrying out the public services where the cost constitutes in dollar terms only an incidental portion of the CDBG expenditure for the public services.

§ 570.201 Basic eligible activities.

CDBG funds may be used for the following activities:

(a) *Acquisition.* Acquisition in whole or in part by the recipient, or other public or private nonprofit entity, by purchase, long-term lease, donation, or otherwise, of real property (including air rights, water rights, rights-of-way, easements, and other interests therein) for any public purpose, subject to the limitations of §570.207.

(b) *Disposition.* Disposition, through sale, lease, donation, or otherwise, of any real property acquired with CDBG funds or its retention for public purposes, including reasonable costs of temporarily managing such property or property acquired under urban renewal, provided that the proceeds from any such disposition shall be program income subject to the requirements set forth in § 570.504.

(c) *Public facilities and improvements.* Acquisition, construction, reconstruction, rehabilitation or installation of public facilities and improvements, except as provided in § 570.207(a), carried out by the recipient or other public or private nonprofit entities. (However, activities under this paragraph may be directed to the removal of material and architectural barriers that restrict the mobility and accessibility of elderly or severely disabled persons to public facilities and improvements, including those provided for in § 570.207(a)(1).) In undertaking such activities, design features and improvements which promote energy efficiency may be included. Such activities may also include the execution of architectural design features, and similar treatments intended to enhance the aesthetic quality of facilities and improvements receiving CDBG assistance, such as decorative pavements, railings, sculptures, pools of water and fountains, and other works of art. Facilities designed for use in providing shelter for persons having special needs are considered public facilities and not subject to the prohibition of new housing construction described in § 570.207(b)(3). Such facilities include shelters for the homeless; convalescent homes; hospitals, nursing homes; battered spouse shelters; halfway houses for run-away children, drug offenders or parolees; group homes for mentally retarded persons and temporary housing for disaster victims. In certain cases, nonprofit entities and sub-recipients including those specified in § 570.204 may acquire title to public facilities. When such facilities are owned by nonprofit entities or sub-recipients, they shall be operated so as to be open for use by the general public during all normal hours of operation. Public facilities and improvements eligible for assistance under this paragraph are subject to the policies in § 570.200(b).

(d) *Clearance activities.* Clearance, demolition, and removal of buildings and improvements, including movement of structures to other sites. Demolition of HUD-assisted housing units may be undertaken only with the prior approval of HUD.

~~—(e) *Public services.* Provision of public services (including labor, supplies, and materials) including but not limited to those concerned with employment, crime prevention, child care, health, drug abuse, education, fair housing counseling, energy conservation, welfare (but excluding the provision of income payments~~

identified under § 570.207(b)(4)), homebuyer down payment assistance, or recreational needs. To be eligible for CDBG assistance, a public service must be either a new service or a quantifiable increase in the level of an existing service above that which has been provided by or on behalf of the unit of general local government (through funds raised by the unit or received by the unit from the State in which it is located) in the 12 calendar months before the submission of the action plan. (An exception to this requirement may be made if HUD determines that any decrease in the level of a service was the result of events not within the control of the unit of general local government.) The amount of CDBG funds used for public services shall not exceed paragraphs (e)(1) or (2) of this section, as applicable:

—(1) The amount of CDBG funds used for public services shall not exceed 15 percent of each grant, except that for entitlement grants made under subpart D of this part, the amount shall not exceed 15 percent of the grant plus 15 percent of program income, as defined in § 570.500(a). For entitlement grants under subpart D of this part, compliance is based on limiting the amount of CDBG funds obligated for public service activities in each program year to an amount no greater than 15 percent of the entitlement grant made for that program year plus 15 percent of the program income received during the grantee's immediately preceding program year.

—(2) A recipient which obligated more CDBG funds for public services than 15 percent of its grant funded from Federal fiscal year 1982 or 1983 appropriations (excluding program income and any assistance received under Public Law 98-8), may obligate more CDBG funds than allowable under paragraph (e)(1) of this section, so long as the total amount obligated in any program year does not exceed:

—(i) For an entitlement grantee, 15% of the program income it received during the preceding program year; plus

—(ii) A portion of the grant received for the program year which is the highest of the following amounts:

—(A) The amount determined by applying the percentage of the grant it obligated for public services in the 1982 program year against the grant for its current program year;

—(B) The amount determined by applying the percentage of the grant it obligated for public services in the 1983 program year against the grant for its current program year;

—(C) The amount of funds it obligated for public services in the 1982 program year; or,

—(D) The amount of funds it obligated for public services in the 1983 program year.

(f) *Interim assistance.* (1) The following activities may be undertaken on an interim basis in areas exhibiting objectively determinable signs of physical deterioration where the recipient has determined that immediate action is necessary to arrest the deterioration and that permanent improvements will be carried out as soon as practicable:

(i) The repairing of streets, sidewalks, parks, playgrounds, publicly owned utilities, and public buildings;
and

(ii) The execution of special garbage, trash, and debris removal, including neighborhood cleanup campaigns, but not the regular curbside collection of garbage or trash in an area.

(2) In order to alleviate emergency conditions threatening the public health and safety in areas where the chief executive officer of the recipient determines that such an emergency condition exists and requires immediate resolution, CDBG funds may be used for:

(i) The activities specified in paragraph (f)(1) of this section, except for the repair of parks and playgrounds;

(ii) The clearance of streets, including snow removal and similar activities,
and

(iii) The improvement of private properties.

(3) All activities authorized under paragraph (f)(2) of this section are limited to the extent necessary to alleviate emergency conditions.

(g) *Payment of non-Federal share.* Payment of the non-Federal share required in connection with a Federal grant-in aid program undertaken as part of CDBG activities, provided, that such payment shall be limited to activities otherwise eligible and in compliance with applicable requirements under this subpart.

(h) *Urban renewal completion.* Payment of the cost of completing an urban renewal project funded under title I of the Housing Act of 1949 as amended. Further information regarding the eligibility of such costs is set forth in § 570.801.

(i) *Relocation.* Relocation payments and other assistance for permanently and temporarily relocated individuals families, businesses, nonprofit organizations, and farm operations where the assistance is (1) required under the provisions of § 570.606 (b) or (c); or (2) determined by the grantee to be appropriate under the provisions of § 570.606(d).

(j) *Loss of rental income.* Payments to housing owners for losses of rental income incurred in holding, for temporary periods, housing units to be used for the relocation of individuals and families displaced by program activities assisted under this part.

(k) *Housing services.* Housing services, as provided in section 105(a)(21) of the Act (42 U.S.C. 5305(a)(21)).

(l) *Privately owned utilities.* CDBG funds may be used to acquire, construct, reconstruct, rehabilitate, or install the distribution lines and facilities of privately owned utilities, including the placing underground of new or existing distribution facilities and lines.

(m) *Construction of housing.* CDBG funds may be used for the construction of housing assisted under section 17 of the United States Housing Act of 1937.

(n) *Homeownership assistance.* Subject to statutory authority, CDBG funds may be used to provide direct homeownership assistance to low- and moderate-income households, as provided in section 105(a)(25) of the Act.

(o)(1) The provision of assistance either through the recipient directly or through public and private organizations, agencies, and other sub-recipients

(including nonprofit and for-profit sub-recipients) to facilitate economic development by:

(i) Providing credit, including, but not limited to, grants, loans, loan guarantees, and other forms of financial support, for the establishment, stabilization, and expansion of micro enterprises;

(ii) Providing technical assistance, advice, and business support services to owners of micro enterprises and persons developing micro enterprises; and

(iii) Providing general support, including, but not limited to, peer support programs, counseling, child care, transportation, and other similar services, to owners of micro enterprises and persons developing micro enterprises.

(2) Services provided this paragraph

(o) shall not be subject to the restrictions on public services contained in paragraph (e) of this section.

(3) For purposes of this paragraph (o), “persons developing micro enterprises” means such persons who have expressed interest and who are, or after an initial screening process are expected to be, actively working toward developing businesses, each of which is expected to be a micro enterprise at the time it is formed.

(4) Assistance under this paragraph (o) may also include training, technical assistance, or other support services to increase the capacity of the recipient or sub-recipient to carry out the activities under this paragraph (o).

(p) *Technical assistance.* Provision of technical assistance to public or non-profit entities to increase the capacity of such entities to carry out eligible neighborhood revitalization or economic development activities. (The recipient must determine, prior to the provision of the assistance, that the activity for which it is attempting to build capacity would be eligible for assistance under this subpart C, and that the national objective claimed by the grantee for this assistance can reasonably be expected to be met once the entity has received the technical assistance and undertakes the activity.) Capacity building for private or public entities (including grantees) for other purposes may be eligible under § 570.205.

(q) *Assistance to institutions of higher education.* Provision of assistance by the recipient to institutions of higher education when the grantee determines that such an institution has demonstrated a capacity to carry out eligible activities under this subpart C.

§ 570.202 Eligible rehabilitation and preservation activities.

(a) *Types of buildings and improvements eligible for rehabilitation assistance.* CDBG funds may be used to finance the rehabilitation of:

(1) Privately owned buildings and improvements for residential purposes; improvements to a single-family residential property which is also used as a place of business, which are required in order to operate the business, need not be considered to be rehabilitation of a commercial or industrial building, if the improvements also provide general benefit to the residential occupants of the building;

(2) Low-income public housing and other publicly owned residential buildings and improvements;

(3) Publicly or privately owned commercial or industrial buildings, except that the rehabilitation of such buildings owned by a private for-profit business is limited to improvements to the exterior of the building and the correction of code violations (further improvements to such buildings may be under taken pursuant to § 570.203(b));

(4) Nonprofit-owned nonresidential buildings and improvements not eligible under § 570.201(c); and

(5) Manufactured housing when such housing constitutes part of the community's permanent housing stock.

(b) *Types of assistance.* CDBG funds may be used to finance the following types of rehabilitation activities, and related costs, either singly, or in combination, through the use of grants, loans, loan guarantees, interest supplements, or other means for building and improvements described in paragraph (a) of this section, except that rehabilitation of commercial or industrial buildings is limited as described in paragraph (a)(3) of this section.

(1) Assistance to private individuals and entities, including profit making and nonprofit organizations, to acquire for the purpose of rehabilitation, and to rehabilitate properties, for use or resale for residential purposes;

(2) Labor, materials, and other costs of rehabilitation of properties, including repair directed toward an accumulation of deferred maintenance, replacement of principal fixtures and components of existing structures, installation of security devices, including smoke detectors and dead bolt locks, and renovation through alterations, additions to, or enhancement of existing structures, which may be under taken singly, or in combination;

(3) Loans for refinancing existing indebtedness secured by a property being rehabilitated with CDBG funds if such financing is determined by the recipient to be necessary or appropriate to achieve the locality's community development objectives;

(4) Improvements to increase the efficient use of energy in structures through such means as installation of storm windows and doors, siding, wall and attic insulation, and conversion, modification, or replacement of heating and cooling equipment, including the use of solar energy equipment;

(5) Improvements to increase the efficient use of water through such means as water savings faucets and showerheads and repair of water leaks;

(6) Connection of residential structures to water distribution lines or local sewer collection lines;

(7) For rehabilitation carried out with CDBG funds, costs of:

(i) Initial homeowner warranty premiums;

(ii) Hazard insurance premiums, except where assistance is provided in the form of a grant; and

(iii) Flood insurance premiums for properties covered by the Flood Disaster Protection Act of 1973, pursuant to § 570.605.

(iv) Procedures concerning inspection and testing for and abatement of lead based paint, pursuant to § 570.608.

(8) Costs of acquiring tools to be lent to owners, tenants, and others who will use such tools to carry out rehabilitation;

(9) Rehabilitation services, such as rehabilitation counseling, energy auditing, preparation of work specifications, loan processing, inspections, and other services related to assisting owners, tenants, contractors, and other entities, participating or seeking to participate in rehabilitation activities authorized under this section, under section 312 of the Housing Act of 1964, as amended, under section 810 of the Act, or under section 17 of the United States Housing Act of 1937;

(10) Assistance for the rehabilitation of housing under section 17 of the United States Housing Act of 1937; and

(11) Improvements designed to remove material and architectural barriers that restrict the mobility and accessibility of elderly or severely disabled persons to buildings and improvements eligible for assistance under paragraph (a) of this section.

(c) *Code enforcement.* Costs incurred for inspection for code violations and enforcement of codes (e.g., salaries and related expenses of code enforcement inspectors and legal proceedings, but not including the cost of correcting the violations) in deteriorating or deteriorate areas as when such enforcement together with public or private improvements, rehabilitation, or services to be provided may be expected to arrest the decline of the area.

(d) *Historic preservation.* CDBG funds may be used for the rehabilitation, preservation or restoration of historic properties, whether publicly or privately owned. Historic properties are those sites or structures that are either listed in or eligible to be listed in the National Register of Historic Places, listed in a State or local inventory of historic places, or designated as a State or local landmark or historic district by appropriate law or ordinance. Historic preservation, however, is not authorized for buildings for the general conduct of government.

(e) *Renovation of closed buildings.* CDBG funds may be used to renovate closed buildings, such as closed school buildings, for use as an eligible public facility or to rehabilitate such buildings for housing.

(f) *Lead-based paint activities.* Lead based paint activities as set forth in part 35 of this title.

§ 570.202 Eligible rehabilitation and preservation activities.

(f) *Lead-based paint hazard evaluation and reduction.* Lead-based paint hazard evaluation and reduction as defined in section 1004 of the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851b).

§ 570.203 Special economic development activities.

A recipient may use CDBG funds for special economic development activities in addition to other activities authorized in this subpart which may be carried out

as part of an economic development project. Guidelines for selecting activities to assist under this paragraph are provided at § 570.209. The recipient must ensure that the appropriate level of public benefit will be derived pursuant to those guidelines before obligating funds under this authority. Special activities authorized under this section do not include assistance for the construction of new housing. Special economic development activities include:

(a) The acquisition, construction, reconstruction, rehabilitation or installation of commercial or industrial buildings, structures, and other real property equipment and improvements, including railroad spurs or similar extensions. Such activities may be carried out by the recipient or public or private nonprofit sub-recipients.

(b) The provision of assistance to a private for-profit business, including, but not limited to, grants, loans, loan guarantees, interest supplements, technical assistance, and other forms of support, for any activity where the assistance is appropriate to carry out an economic development project, excluding those described as ineligible in § 570.207(a). In selecting businesses to assist under this authority, the recipients shall minimize, to the extent practicable, displacement of existing businesses and jobs in neighborhoods.

(c) Economic development services in connection with activities eligible under this section, including, but not limited to, outreach efforts to market available forms of assistance; screening of applicants; reviewing and under writing applications for assistance preparation of all necessary agreements; management of assisted activities; and the screening, referral, and placement of applicants for employment opportunities generated by CDBG-eligible economic development activities, including the costs of providing necessary training for persons filling those positions.

§ 570.207 Ineligible activities.

The general rule is that any activity that is not authorized under the provisions of §§ 570.201–570.206 is ineligible to be assisted with CDBG funds. This section identifies specific activities that are ineligible and provides guidance in determining the eligibility of other activities frequently associated with housing and community development.

(a) The following activities may not be assisted with CDBG funds:

(1) *Buildings or portions thereof, used for the general conduct of government* as defined at § 570.3(d) cannot be assisted with CDBG funds. This does not include, however, the removal of architectural barriers under § 570.201(c) involving any such building. Also, where acquisition of real property includes an existing improvement which is to be used in the provision of a building for the general conduct of government, the portion of the acquisition cost attributable to the land is eligible, provided such acquisition meets a national objective described in § 570.208.

(2) *General government expenses.* Except as otherwise specifically authorized in this subpart or under OMB Circular A–87, expenses required to carry out the regular responsibilities of the unit of general local government are not eligible for assistance under this part.

(3) *Political activities.* CDBG funds shall not be used to finance the use of facilities or equipment for political purposes or to engage in other partisan political activities, such as candidate forums, voter transportation, or voter registration. However, a facility originally assisted with CDBG funds may be used on an incidental basis to hold political meetings, candidate forums, or voter registration campaigns, provided that all parties and organizations have access to the facility on an equal basis, and are assessed equal rent or use charges, if any.

(b) The following activities may not be assisted with CDBG funds unless authorized under provisions of § 570.203 or as otherwise specifically noted herein or when carried out by an entity under the provisions of § 570.204.

(1) *Purchase of equipment.* The purchase of equipment with CDBG funds is generally ineligible.

(i) *Construction equipment.* The purchase of construction equipment is ineligible, but compensation for the use of such equipment through leasing, depreciation, or use allowances pursuant to OMB Circulars A-21, A-87 or A-122 as applicable for an otherwise eligible activity is an eligible use of CDBG funds. However, the purchase of construction equipment for use as part of a solid waste disposal facility is eligible under § 570.201(c).

(ii) *Fire protection equipment.* Fire protection equipment is considered for this purpose to be an integral part of a public facility and thus, purchase of such equipment would be eligible under § 570.201(c).

(iii) *Furnishings and personal property.* The purchase of equipment, fixtures, motor vehicles, furnishings, or other personal property not an integral structural fixture is generally ineligible. CDBG funds may be used, however, to purchase or to pay depreciation or use allowances (in accordance with OMB Circular A-21, A-87 or A-122, as applicable) for such items when necessary for use by a recipient or its sub recipients in the administration of activities assisted with CDBG funds, or when eligible as fire fighting equipment, or when such items constitute all or part of a public service pursuant to § 570.201(e).

(2) *Operating and maintenance expenses.* The general rule is that any expense associated with repairing, operating or maintaining public facilities, improvements and services is ineligible. Specific exceptions to this general rule are operating and maintenance expenses associated with public service activities, interim assistance, and office space for program staff employed in carrying out the CDBG program. For example, the use of CDBG funds to pay the allocable costs of operating and maintaining a facility used in providing a public service would be eligible under § 570.201(e), even if no other costs of providing such a service are assisted with such funds. Examples of ineligible operating and maintenance expenses are:

(i) Maintenance and repair of publicly owned streets, parks, play grounds, water and sewer facilities, neighborhood facilities, senior centers, centers for persons with a disabilities, parking and other public facilities and improvements. Examples of maintenance and repair activities for which CDBG funds may not be used include the filling of pot holes in streets, repairing of cracks in sidewalks, the

mowing of recreational areas, and there placement of expended street light bulbs; and

(ii) Payment of salaries for staff, utility costs and similar expenses necessary for the operation of public works and facilities.

(3) *New housing construction.* For the purpose of this paragraph, activities in support of the development of low or moderate income housing including clearance, site assemblage, provision of site improvements and provision of public improvements and certain housing pre-construction costs set forth in § 570.206(g), are not considered as activities to subsidize or assist new residential construction. CDBG funds may not be used for the construction of new permanent residential structures or for any program to subsidize or assist such new construction, except:

(i) As provided under the last resort housing provisions set forth in 24 CFR part 42;

(ii) As authorized under § 570.201(m); or

(iii) When carried out by an entity pursuant to § 570.204(a);

(4) *Income payments.* The general rule is that CDBG funds may not be used for income payments. For purposes of the CDBG program, “income payments” means a series of subsistence-type grant payments made to an individual or family for items such as food, clothing, housing (rent or mortgage), or utilities, but excludes emergency grant payments made over a period of up to three consecutive months to the provider of such items or services on behalf of an individual or family.

§ 570.209 Guidelines for evaluating and selecting economic development projects.

The following guidelines are provided to assist the recipient to evaluate and select activities to be carried out for economic development purposes. Specifically, these guidelines are applicable to activities that are eligible for CDBG assistance under § 570.203. These guidelines also apply to activities carried out under the authority of § 570.204 that would otherwise be eligible under § 570.203, were it not for the involvement of a Community-Based Development Organization (CBDO). (This would include activities where a CBDO makes loans to for-profit businesses.) These guidelines are composed of two components: guidelines for evaluating project costs and financial requirements; and standards for evaluating public benefit. The standards for evaluating public benefit are *mandatory*, but the guidelines for evaluating projects costs and financial requirements are not.

(a) *Guidelines and objectives for evaluating project costs and financial requirements.* HUD has developed guidelines that are designed to provide the recipient with a framework for financially underwriting and selecting CDBG-assisted economic development projects which are financially viable and will make the most effective use of the CDBG funds. These guidelines, also referred to as the underwriting guidelines, are published as appendix A to this part. The use of the underwriting guidelines published by HUD is not mandatory. However, grantees electing not to use these guidelines would be expected to conduct basic

financial underwriting prior to the provision of CDBG financial assistance to a for profit business. Where appropriate, HUD's underwriting guidelines recognize that different levels of review are appropriate to take into account differences in the size and scope of a proposed project, and in the case of a micro enterprise or other small business to take into account the differences in the capacity and level of sophistication among businesses of differing sizes. Recipients are encouraged, when they develop their own programs and underwriting criteria, to also take these factors into account. The objectives of the underwriting guidelines are to ensure:

- (1) That project costs are reasonable;
- (2) That all sources of project financing are committed;
- (3) That to the extent practicable, CDBG funds are not substituted for non-Federal financial support;
- (4) That the project is financially feasible;
- (5) That to the extent practicable, the return on the owner's equity investment will not be unreasonably high; and
- (6) That to the extent practicable, CDBG funds are disbursed on a pro rata basis with other finances provided to the project.

(b) *Standards for evaluating public benefit.* The grantee is responsible for making sure that at least a minimum level of public benefit is obtained from the expenditure of CDBG funds under the categories of eligibility governed by these guidelines. The standards set forth below identify the types of public benefit that will be recognized for this purpose and the minimum level of each that must be obtained for the amount of CDBG funds used. Unlike the guidelines for project costs and financial requirements covered under paragraph (a) of this section, the use of the standards for public benefit is mandatory. Certain public facilities and improvements eligible under § 570.201(c) of the regulations, which are undertaken for economic development purposes, are also subject to these standards, as specified in § 570.208(a)(4)(vi)(F)(2).

(1) *Standards for activities in the aggregate* Activities covered by these guidelines must, in the aggregate, either:

- (i) Create or retain at least one fulltime equivalent, permanent job per \$35,000 of CDBG funds used; or
- (ii) Provide goods or services to residents of an area, such that the number of low- and moderate-income persons residing in the areas served by the assisted businesses amounts to at least one low- and moderate-income person per \$350 of CDBG funds used.

(2) *Applying the aggregate standards.*

(i) A metropolitan city or an urban county shall apply the aggregate standards under paragraph (b)(1) of this section to all applicable activities for which CDBG funds are first obligated within each single CDBG program year, without regard to the source year of the funds used for the activities. A grantee under the HUD-Administered Small Cities or Insular Areas CDBG programs shall apply the aggregate standards under paragraph (b)(1) of this section to all funds obligated for applicable activities from a given grant; program income obligated for applicable activities will, for these purposes, be aggregated with the most recent

open grant. For any time period in which a community has no open HUD Administered or Insular Areas grants, the aggregate standards shall be applied to all applicable activities for which program income is obligated during that period.

(ii) The grantee shall apply the aggregate standards to the number of jobs to be created/retained, or to the number of persons residing in the area served (as applicable), as determined at the time funds are obligated to activities.

(iii) Where an activity is expected both to create or retain jobs and to provide goods or services to residents of an area, the grantee may elect to count the activity under either the jobs standard or the area residents standard, but not both.

(iv) Where CDBG assistance for an activity is limited to job training and placement and/or other employment support services, the jobs assisted with CDBG funds shall be considered to be created or retained jobs for the purposes of applying the aggregate standards.

(v) Any activity subject to these guidelines which meets one or more of the following criteria may, at the grantee's option, be excluded from the aggregate standards described in paragraph (b)(1) of this section:

(A) Provides jobs exclusively for unemployed persons or participants in one or more of the following programs:

(1) Jobs Training Partnership Act (JTPA);

(2) Jobs Opportunities for Basic Skills (JOBS); or

(3) Aid to Families with Dependent Children (AFDC);

(B) Provides jobs predominantly for residents of Public and Indian Housing units;

(C) Provides jobs predominantly for homeless persons;

(D) Provides jobs predominantly for low-skilled, low- and moderate-income persons, where the business agrees to provide clear opportunities for promotion and economic advancement, such as through the provision of training;

(E) Provides jobs predominantly for persons residing within a census tract (or block numbering area) that has at least 20 percent of its residents who are in poverty;

(F) Provides assistance to business(es) that operate(s) within a census tract (or block numbering area) that has at least 20 percent of its residents who are in poverty;

(G) Stabilizes or revitalizes a neighborhood that has at least 70 percent of its residents who are low- and moderate- income;

(H) Provides assistance to a Community Development Financial Institution that serve an area that is predominantly low- and moderate-income persons

(I) Provides assistance to a Community- Based Development Organization serving a neighborhood that has at least 70 percent of its residents who are low- and moderate-income;

(J) Provides employment opportunities that are an integral component of a project designed to promote spatial de-concentration of low- and moderate income and minority persons;

(K) With prior HUD approval, provides substantial benefit to low-income persons through other innovative approaches;

(L) Provides services to the residents of an area pursuant to a strategy approved by HUD under the provisions of § 91.215(e) of this title;

(M) Creates or retains jobs through businesses assisted in an area pursuant to a strategy approved by HUD under the provisions of § 91.215(e) of this title.

(3) *Standards for individual activities.* Any activity subject to these guidelines which falls into one or more of the following categories will be considered by HUD to provide insufficient public benefit, and therefore may under no circumstances be assisted with CDBG funds:

(i) The amount of CDBG assistance exceeds either of the following, as applicable:

(A) \$50,000 per full-time equivalent, permanent job created or retained; or

(B) \$1,000 per low- and moderate-income person to which goods or services are provided by the activity.

(ii) The activity consists of or includes any of the following:

(A) General promotion of the community as a whole (as opposed to the promotion of specific areas and programs);

(B) Assistance to professional sports teams;

(C) Assistance to privately-owned recreational facilities that serve a predominantly higher-income clientele, where the recreational benefit to users or members clearly outweighs employment or other benefits to low- and moderate-income persons;

(D) Acquisition of land for which the specific proposed use has not yet been identified; and

(E) Assistance to a for-profit business while that business or any other business owned by the same person(s) or entity(ies) is the subject of unresolved findings of noncompliance relating to previous CDBG assistance provided by the recipient.

(4) *Applying the individual activity standards.* (i) Where an activity is expected both to create or retain jobs and to provide goods or services to residents of an area, it will be disqualified only if the amount of CDBG assistance exceeds both of the amounts in paragraph (b)(3)(i) of this section.

(ii) The individual activity standards in paragraph (b)(3)(i) of this section shall be applied to the number of jobs to be created or retained, or to the number of persons residing in the area served (as applicable), as determined at the time funds are obligated to activities.

(iii) Where CDBG assistance for an activity is limited to job training and placement and/or other employment support services, the jobs assisted with CDBG funds shall be considered to be created or retained jobs for the purposes of applying the individual activity standards in paragraph (b)(3)(i) of this section.

(c) *Amendments to economic development projects after review determinations.* If, after the grantee enters into a contract to provide assistance to a project, the scope or financial elements of the project change to the extent that a significant contract amendment is appropriate, the project should be reevaluated under these and the recipient's guidelines. (This would include, for example, situations where the business requests a change in the amount or terms of assistance being provided, or an extension to the loan payment period

required in the contract.) If a reevaluation of the project indicates that the financial elements and public benefit to be derived have also substantially changed, then the recipient should make appropriate adjustments in the amount, type, terms or conditions of CDBG assistance which has been offered, to reflect the impact of the substantial change. (For example, if a change in the project elements results in a substantial reduction of the total project costs, it may be appropriate for the recipient to reduce the amount of total CDBG assistance.) If the amount of CDBG assistance provided to the project is increased, the amended project must still comply with the public benefit standards under paragraph (b) of this section.

(d) *Documentation.* The grantee must maintain sufficient records to demonstrate the level of public benefit, based on the above standards, that is actually achieved upon completion of the CDBG-assisted economic development activity(ies) and how that compares to the level of such benefit anticipated when the CDBG assistance was obligated. If the grantee's actual results show a pattern of substantial variation from anticipated results, the grantee is expected to take all actions reasonably within its control to improve the accuracy of its projections. If the actual results demonstrate that the recipient has failed the public benefit standards, HUD may require the recipient to meet more stringent standards in future years as appropriate.
