Internal Audit Report 2005-7
2004 Parts, Fuel and Lubricants Inventory
Public Transportation Department

Introduction. The Public Transportation Department (Department) maintains an inventory of parts, fuel and lubricants. A physical inventory is performed annually and the PeopleSoft financial records are adjusted to the physical counts. The Department maintains their own inventory subsystem on GEMS 2000.

Objective and Scope. The objective of this audit was to determine if the year-end physical inventory of parts, fuel and lubricants was reasonably accurate and adjustments were properly entered into the financial records. Specifically, we observed the year-end inventory, performed an inventory count based on random and judgmental samples, and verified that adjusting entries were accurately processed.

The audit was conducted in accordance with generally accepted government auditing standards, except for the requirement of an external quality control review, and accordingly, included tests of accounting records and such other auditing procedures as we considered necessary in the circumstances. The audit was performed during the period of January 2005.

Overall Evaluation. The physical inventory resulted in a final valuation of \$535,560.91. A net adjustment of \$33,605.59 was made to bring the PeopleSoft financial records in agreement with the physical count. The table presented below shows the dollar variances between inventory records maintained on PeopleSoft and the physical count as valued in the GEMS maintenance management records. Department personnel indicated that they are researching the differences between PeopleSoft financial records and GEMS records. Based on our inventory observation, it is our opinion that the physical inventory was reasonably accurate.

Internal Audit Report 2005-7
2004 Parts, Fuel and Lubricants Inventory
Public Transportation Department
April 12, 2005

Item	Physical Count	PeopleSoft System	Difference
Parts	\$438,892.73	\$482,589.89	(\$43,697.16)
Fuel	\$53,097.45	\$39,243.77	\$13,853.68
Lubricants	\$43,570.73	\$47,332.84	(\$3,762.11)
Total	\$535,560.91	\$569,166.50	(\$33,605.59)

Discussion With Responsible Officials. The results of this audit were discussed with appropriate Municipal officials on March 24, 2005.
