GBOS Meeting Agendas and minutes are available on line: <http://www.muni.org/gbos>

2. GBOS discuss dates for the following topics, either as separate meetings or combined meeting:
GBOS Special meeting to set supervisor roles (after election certified 4/23 and voted on at 5/20 Regular meeting and GBOS Work Session or Special Meeting on GBOS Rules and Procedures

Group discusses holding the meetings together in a Special meeting between April 23 and May 17. Poll will be sent for standing members and electee to respond.

3. GBOS Meeting Conduct and Board Relations
Group determines that the discussion should remain public. Topic came up from removal of Jennifer as chair during the GBOS meeting on March 25. Several meetings prior to March have been tense among the GBOS members as well between members of the public and GBOS members. Public needs to feel comfortable in providing testimony at meetings.

Group discusses some solutions:

Resolve issues during meetings, call a recess or break if needed.

Have a clearer expectation of role of chair and a member debating a topic.

Maintain respectful discussion between supervisors and public.

Avoid grandstanding and belaboring discussions.

Be calm and respectful even during challenging discussions.

Employ better procedural tools to diffuse situations.

Follow an established process (Roberts Rules) even if it takes a few moments to confirm what that process is.

Understand Open Meetings Act and exceptions to OMA.

Ensure that information shared at GBOS is correct and accurate though respectful discussion.

Consider Alaska Municipal League parliamentary procedure training (est cost of \$500.00)

A separate discussion for GBOS to take on is the role of committee and GBOS work and GHEC specifically.

Jennifer Wingard maintains that she would like to receive a public apology for treatment at the March meeting. She is asked to review the January meeting and consider apology.

Public Comment:

Brett Wilbanks states that GBOS is mishandling recommendations from LUC by not adhering completely with all components of the recommendation from LUC regarding the use of commercial land for temporary workforce housing.
