WHEREAS, the Municipality of Anchorage (MOA) proposes the disposal of portions of Heritage Land Bank (HLB) Parcels 6-011, 6-016, and 6-017, legally described as Tract I Prince Addition Alyeska Subdivision (Plat 87-131)(PID 075-311-04-000), Tract B Girdwood Elementary School Subdivision (Plat 85-38)(PID 075-031-32-000), and Tract 9A Section 9 Township 10 North Range 2 East (Plat 73-220)(PID 075-041-31-000), To CY Investments LLC as described in the Development Agreement between the developer and the Municipality of Anchorage Dated April 29, 2022, and amend the HLB 2021 Annual Work Program; and

WHEREAS, HLB issued a Request for Proposals on April 6, 2021 for the development of portions of three parcels in Girdwood commonly known as Holtan Hills with the intent to provide housing; and

WHEREAS, HLB obtained an appraisal on December 18, 2021 where the developed area was estimated to have a market value of two million one hundred thousand dollars (\$2,100,000); and

WHEREAS, the successful proposer was identified, and a Development Agreement was drafted and entered on April 29, 2022 between the MOA and the Developer; and

WHEREAS, the disposal will continue to implement residential housing identified in the 1995 Girdwood Area Plan and the 2006 Crow Creek Neighborhood Plan; and

WHEREAS, this disposal will occur according to the terms of the Development Agreement entered into by the Municipality of Anchorage and CY Investments, LLC including equal distribution of net proceeds of lot sales; and

WHEREAS, this disposal will occur over three phases and is intended to take the form of a Planned Unit Development, affording the development a mixed-density

1 model which will allow single-family, multi-family, and condo-type construction by
2 the ultimate purchasers, thereby addressing several areas of housing needs in the
3 community; and
4

5 **WHEREAS, a Planned Unit Development (PUD), which can allow for greater**
6 **density than current zoning would allow, requires a Conditional Use Permit**
7 **approved by the Planning and Zoning Commission; and**
8

9 **WHEREAS, Phase I of the proposed Holtan Hills Planned Unit Development**
10 **will propose to have single-family, multi-family, and condo-type units; and**
11

12 **WHEREAS, the completed development will include infrastructure comprised of**
13 **roads and utilities that will extend to Crow Creek Road creating a second point of**
14 **egress for the neighborhood and creating the opportunity for development of lands**
15 **west of Crow Creek Road with utilities in the future; and**
16

17 **WHEREAS, development of municipal lands through a public-private**
18 **partnership offers an opportunity for greater public benefit by meeting the**
19 **community's goals in ways not typically feasible with a private development;**
20 **and**
21

22 **WHEREAS, HLB and the Community of Girdwood have committed to work**
23 **together to identify and apply for available State and Federal funding to**
24 **develop secondary access on Crow Creek Road to the Holtan Hills**
25 **development; and**
26

27 **WHEREAS, AWWU has sought a grant to cover the infrastructure costs of**
28 **sewer to the parcels, which will reduce the development costs for offsite**
29 **improvements; and**
30

31 **WHEREAS, the infrastructure development, including roads and utilities will**
32 **attach to all parcels in Phase I, including any lots subject to future conveyance**
33 **to a Girdwood housing entity for the development of housing; and**
34

35 **WHEREAS, to meet the housing needs in Girdwood, the development of**
36 **housing that is at least 50% occupied as primary residences whether owner**
37 **occupied or leased on a five-month to yearly basis should be prioritized; and**
38

39 **WHEREAS, Girdwood has an estimated immediate need to add at least 150-**
40 **300 units of year-round permanent housing for residents to its inventory and**
41 **this demand will be updated through the Girdwood Area Plan that is**
42 **underway; and**
43

44 **WHEREAS, many concerns have been expressed by the residents that the**
45 **addition of more residents will increase the burden on the infrastructure and**
46 **services available within Girdwood; and**
47

48 **WHEREAS, HLB is the primary owner of developable land within Girdwood for**
49 **housing, industrial and commercial uses. HLB's Work Plan which is due for**

1 updating should be developed concurrently and in coordination with the
2 Girdwood Area Plan that is also underway specifically in addressing housing,
3 commercial and infrastructure needs for the community; and
4

5 WHEREAS, the Assembly finds that the Girdwood community recognizes that
6 while there will be opportunity for public involvement during the entitlement
7 process (i.e., conditional use permit and planned unit development) where
8 public feedback can help shape density requirements, the Girdwood
9 community seeks assurance that this development will provide some relief to
10 the housing pressures experienced by current and future full-time residents
11 of Girdwood, specifically by providing more stable long-term rental property
12 and more attainable housing to those at 120 percent and below area median
13 incomes; and
14

15 WHEREAS, the land development costs are not typically recouped by the
16 developer until such time as the lots are sold and/or housing units
17 constructed and sold; and
18

19 WHEREAS, in the Development Agreement, CY Investments LLC has a duty
20 to act as Declarant of the homeowners' association for the Project; and
21

22 WHEREAS, as Declarant for the homeowners' association, CY Investments
23 LLC can set the terms of the planned community through the declaration, and
24 of the homeowners' association through the founding bylaws, including any
25 restrictions on short term rentals, percentage required to approve changes to
26 the homeowners' association bylaws, as well as the time period in which the
27 developer shall transfer control of the homeowners' association to the
28 individual owners and any rights retained, and all terms must be approved by
29 HLB; and
30

31 WHEREAS, the return on investment to the HLB Fund will be deferred but likely
32 significant, leading to the long-term health of the Fund; and
33

34 WHEREAS, this land disposal commits approximately 22% of the suitable
35 residential developable land in Girdwood to the Holton Hills development
36 (2022 Existing Conditions Report by Huddle AK and Agnew::Beck); and
37

38 WHEREAS, the Assembly finds that a public commitment by the Municipality
39 to improved communication and transparency, as well as a return on
40 investment that considers the specific benefit to the Girdwood community as
41 part of the calculation of the benefit for the Municipality as a whole, would be
42 beneficial to the public interest; and
43

44 WHEREAS, the Assembly finds that as a resort community, Girdwood faces
45 high external housing demand and has seen a drastic increase in short term
46 rentals in the last 10 years, making it challenging for year-round residents of
47 Girdwood to obtain housing, and raising concerns among residents that the
48 character of this beloved and close-knit community will be lost as community

members, especially working and middle class families, will be increasingly priced out of the housing market; and

WHEREAS, the projected profits of two Phases of the Holton Hills development for HLB are estimated at approximately \$1.2 Million and likely additional profits in Phase 3 that are not yet identified, those profits should be reinvested in further development of attainable housing in Girdwood; and

WHEREAS, the housing developed from Holton Hills will contribute to the overall property tax base of the Girdwood Valley Service Area; and

WHEREAS, return on investments by HLB should not be viewed in strictly monetary terms, but overall benefit to the Municipality of Anchorage; and

WHEREAS, the proposed disposal of portions of HLB Parcel 6-011 is not in the 2021 HLB Annual Work Program (AR 2021-25), pursuant to AMC § 25.40.020B, to proceed with the disposal, the 2021 HLB Annual Work Program must be amended; and

WHEREAS, following required public noticing, the HLB Advisory Commission (HLBAC) held a public hearing and passed HLBAC Resolution 2022-09(S), recommending the disposal of portions of HLB Parcels 6-011, 6-016, and 6-017, legally described as Tract I Prince Addition Alyeska Subdivision (Plat 87-131)(PID 075-311-04-000), Tract B Girdwood Elementary School Subdivision (Plat 85-38)(PID 075-031-32-000), and Tract 9A Section 9 Township 10 North Range 2 East (Plat 73-220)(PID 075-041-31-000), to CY Investments, LLC as described in the Development Agreement between the developer and the Municipality of Anchorage Dated April 29, 2022, and amend the HLB 2021 Annual Work Program; now, therefore,

3.1 Existing Records. Within thirty (30) days from the Effective Date of this Agreement, Owner shall make available to Developer the following materials related to the Property to the extent such materials are in the possession or control of Owner: (i) a copy of all title reports on the Property; (ii) a copy of all plans and specifications related to the possible development of the Property, including any development, building permits or applications for the same; (iii) all prior surveys of the Property; (iv) all environmental reports, wetlands reports, zoning reports and geotechnical reports for the Property; (v) all inspection reports in the Owner's possession completed by outside consultants with respect to the Property; (vi) details of any litigation affecting the Property; and (ix) any site plans, licenses, authorizations, permits or other governmental approvals, or similar information relating to the Property.

3.2 Boundary Survey of Subject Property. Within thirty (30) days from the Effective Date of this Agreement, Developer shall obtain and provide to Owner a boundary survey of the three phases that are contemplated for the Subject Property, which shall be depicted as three individual tracts on said survey (the "**Tract Survey**"). The costs and expenses for preparation of the Tract Survey shall be split equally between Owner and Developer.

3.3 *Wetlands Survey*. Within thirty (30) days from the Effective Date, Owner shall obtain and provide to Developer a current wetlands survey of the Subject Property for Phases 1, 2, and 3. The cost and expenses for the preparation of the wetlands survey shall be paid by Owner.

3.4 *Appraisal of Subject Property*. After the Effective Date, Owner shall promptly obtain and provide to Developer a current appraisal of the Property, with the value of the Property appraised as an undeveloped tract of land for Phases 1, 2, and 3. The cost and expenses for the preparation of the appraisal shall be paid by Owner.

3.5 *Necessary Approvals for Conveyance*. Promptly after the appraisal of the Property is complete, Owner shall obtain all approvals from the Heritage Land Bank Advisory Commission and from the Municipality of Anchorage as may be necessary for the conveyance of the Subject Property from Owner to Developer.

3.6 *Developer's Inspection and Approval Period*. The parties specifically agree that Developer's obligations under this Agreement are conditioned upon the satisfaction of each of the following conditions during the time periods specified below (any of which conditions may be waived by Developer upon giving notice thereof to Owner):

(a) Developer is granted a one hundred eighty (180) day period beginning on the Effective Date (the “**Inspection and Approval Period**”) to determine if the Property is usable by Developer for Developer's intended use. This Inspection and Approval Period grants Developer time to investigate all reasonable issues to ensure the purchase satisfies Developer for Developer's proposed development and use of the Subject Property. Owner acknowledges and agrees that Developer's decision as to whether it will terminate this Agreement at the end of this period is left to Developer's sole discretion. On or before the final day of the Inspection and Approval Period, Developer will notify Owner of Developer's intention either to proceed with the Project or terminate this Agreement. This Inspection and Approval Period may encompass all aspects of Developer's concerns for ensuring the Property meets its intended use to include, but not be limited to: (i) economic and feasibility studies, (ii) appraisals, (iii) site inspections, (iv) studies, (v) testing, (vi) surveys, (vii) utility locates, (viii) utility easements, and (ix) property access.

(b) Notwithstanding anything to the contrary in this Agreement, Developer may extend the Inspection and Approval Period, at no additional cost to Developer, for an additional sixty (60) day period beyond that stated in Section 3.6(a) for engineering, soils and environmental inspections. In the event Developer's engineering, soils or environmental inspections identify a material problem with the Subject Property, Owner will be granted forty-five (45) days to correct such issue at Owner's cost. Owner's failure to correct the issue within the forty-five (45) day period will provide Developer the right to terminate this Agreement or negotiate a modification to this Agreement to provide for the development and sale of such portion(s) of the Subject Property as can be profitably developed and sold.

(c) At any time on or before the final date of the Inspection and Approval Period (as such Inspection and Approval may be extended as contemplated in Section 3.6(b) above), Developer may notify Owner that Developer, in Developer's sole judgment,

has elected to terminate this Agreement. If Developer does terminate this Agreement, then this Agreement shall be deemed to be null and void and of no further force or effect, and Developer and Owner shall have no further rights, obligations, or liabilities under this Agreement, except for any provisions which are expressly stated to survive the termination of this Agreement. If Developer does not terminate before the end of the Inspection and Approval Period, then Developer may only terminate this agreement in the event of a Seller default, or a failure of a condition precedent identified in Section 4.6 of this Agreement.

3.7 Project Budget. Within one hundred twenty (120) days after the Effective Date, Developer shall provide Owner with an initial Project Budget based on information reasonably available to Developer.

3.8 Preliminary Commitment for Title Insurance. Within ninety (90) days after the Effective Date, Developer, at Owner's expense, shall use commercially reasonable efforts to obtain a standard form Owner's Title Commitment (the "**Title Commitment**") covering the Property and issued by Fidelity Title Agency of Alaska, LLC (the "**Title Company**"), together with copies of all instruments, if any, referred to in the Title Commitment as exceptions to title. Developer shall have ten (10) days after Developer's receipt of the Title Commitment, together with copies of all documents constituting exceptions to title, to review and approve the Title Commitment. If any exceptions appear in the Title Commitment, other than the standard pre-printed exceptions (which shall be totally deleted in the Policy, as defined in Section 4.3 herein, except that the survey exception may except shortages in area), which are objectionable to Developer, Developer shall, within such ten (10)-day period, notify Owner in writing of such objection. Upon the expiration of said ten (10)-day period, Developer shall be deemed to have accepted all exceptions to title as shown on the Title Commitment, except for matters to which notice under the preceding sentence has been given by Developer, and such exceptions shall be included in the term "**Permitted Exceptions**" as used in this Agreement. Owner shall, within ten (10) days of receipt of said notice, clear the title of the defects and objections so specified. In the event that Owner is unable through the exercise of its good faith best efforts (which shall include the payment of money with respect to any mortgages, liens or other matters that can be removed by the payment of money) to cure to Developer's satisfaction, any defect or objection so specified within such ten (10)-day period, then at Developer's option Developer may either (i) take title to the Subject Property despite the existence of such defects, or (ii) terminate this Agreement, in which event this Agreement shall be null and void and of no further force of effect and neither Developer nor Owner shall have any further liabilities, obligations, or rights with regard to this Agreement, except as otherwise provided herein.

ARTICLE 4. **Conveyance of Subject Property**

4.1 Conveyance of Subject Property. Provided that this Agreement has not been terminated under the provisions of Article 3, Owner agrees to convey to Developer, by Statutory Warranty Deed in a form acceptable to Developer (the "**Deed**"), marketable fee simple title to the Subject Property, free and clear of all encumbrances, subject only to the Permitted Exceptions. The Conveyance of the Subject Property from Owner to Developer is referred to in this Agreement as the "**Closing**."

4.2 *Timing of Conveyance.* Within thirty (30) days after Owner has obtained the necessary approvals for the conveyance under Section 3.5 of this Agreement and written request by Developer, Owner shall convey Phase 1 and Phase 2 of the Subject Property to Developer. Phase 3 of the Subject Property will be conveyed to Developer only at such time as is necessary to obtain financing for development of that phase to begin. Owner shall not be responsible for delays in conveyance caused by title company or lender.

4.3 *Title Insurance.* At Closing, Developer shall obtain, at Owner's expense, a standard form Owner's Title Insurance Policy (the "**Policy**") issued by the Title Company, insuring marketable fee simple title to Developer in the full amount of the appraised value of the Subject Property (as determined pursuant to the Appraisal required in Section 3.4) and containing no exceptions or conditions other than easements and the Permitted Exceptions as provided in Section 3.8 of this Agreement.

Upon showing by Developer, to the reasonable satisfaction of Owner that the action or inaction of Owner, resulted in the failure to obtain the necessary approvals to satisfy the conditions in Section 4.6, Owner shall be required to reimburse Developer for all actual costs and expenses incurred by Developer in connection with the Project from the Effective Date to the time of termination, plus an additional amount equal to the commercial rate of interest on Developer's most recent active development loan. Upon Developer's receipt of such reimbursement from Owner, Owner shall convey the Subject Property back to Owner, and this Agreement shall be deemed to be null and void and of no further force or effect, and Developer and Owner shall have no further rights, obligations, or liabilities under this Agreement.

ARTICLE 5. Offsite Improvements

5.1 Construction of Offsite Improvements. Developer and Owner agree that Developer, on behalf of Owner, shall act as Project Manager for the construction of the following improvements from Hightower Road to the first phase of the Subject Property: Road, Pedestrian Pathway, Water, Sewer, Electric, Gas, Telephone, Internet (the "Offsite Improvements").

- (e) When the Offsite Improvements are complete the general contractor shall call for final inspection by Municipality of Anchorage officials. If all punch list items are not completed and approved by the Municipality of Anchorage upon reinspection, the general contractor shall pay a \$5,000 penalty per each required re-inspection.

5.3 *Cost of Offsite Improvements.* Owner shall approve and pay for all costs as described in the contract with general contractor for the planning, design and construction of the Offsite Improvements, in accordance with this Section 5.3.

- (a) Upon the Municipality of Anchorage's approval of appropriations for the Offsite Improvement Costs, Owner shall deposit the funds to pay for the Offsite Improvement Costs into an escrow account ("Escrow Account") with an Escrow Agent to be determined under an agreement ("Escrow Agreement") with Developer and Escrow Agent.
- (b) Escrow Agreement shall become an addendum to and an integral part thereof this Agreement.
- (c) If the Municipality of Anchorage has not approved appropriations for the Offsite Improvement Costs by August 1, 2022, then Developer shall be entitled to terminate this Agreement pursuant to Section 4.9, and Owner shall be required to reimburse Developer for all actual costs and expenses incurred by Developer in connection with the Project from the Effective Date to the time of termination, plus an additional amount equal to the commercial rate of interest on Developer's most recent active development loan.

- (e) Requests shall be delivered to Owner by Developer on a monthly basis for the purpose of paying the Offsite Improvement Costs. - (f) In the event that the general contractor encounters any Extraordinary Circumstances that are anticipated to result in an increase in the lump sum fixed price for the construction of the Offsite Improvements, Developer shall promptly notify Owner of such circumstances, and the amount of any additional costs shall be certified by Developer's engineer of record. Owner shall approve any such additional costs to the extent that such additional costs are necessary for the completion of the Offsite Improvements.

5.4 Project Management Fee for Offsite Improvements. Owner shall pay to Developer a project management fee equal to 3.5% of all costs of completing the Offsite Improvements (the "Project Management Fee"), including the cost of the general contractor and all costs of planning, designing, developing, and managing the construction of the Offsite Improvements. The Project Management Fee shall be due monthly and paid for by the 10th day of every month.

5.5 Completion of Offsite Improvements. The construction of all Offsite Improvements shall be completed within one (1) year from the Date that Developer's Notice to Proceed is given under Section 4.7, unless another date is agreed to in writing by the parties.

ARTICLE 6. Subdivision Improvements and Developer Fees

6.1 Compliance with Municipal Requirements. Improvements to be constructed by Developer within the Subject Property ("**Subdivision Improvements**") shall be constructed in accordance with all requirements or conditions of approval imposed by the Municipality of Anchorage.

6.2 Construction and Design Documents. At the request of Owner, Developer shall promptly provide Owner with Construction and Design Documents related to the construction of any Subdivision Improvements.

6.3 Phased Construction. Developer will not commence construction of Improvements within Phase 2 of the project until (a) Developer has obtained construction financing for the Phase 2 Improvements on terms satisfactory to Developer and Developer's lender(s), (b) Developer's lender(s) have approved the release of funds from the construction financing to commence construction, and (c) Owner has approved commencement of construction based upon notification by Developer of conditions (a) & (b) above. Developer will not commence construction of Improvements within Phase 3 of the project until (a) Developer has obtained construction financing for the Phase 3 Improvements on terms satisfactory to Developer and Developer's lender(s), (b) Developer's lender(s) have approved the release of funds from the construction financing to commence construction, and (c) Owner has approved commencement of construction based upon notification by Developer of conditions (a) & (b) above.

6.4 Site Plan Approval. Prior to the construction of any Subdivision Improvements within a specific phase of the Project, Developer shall provide Owner with a site plan showing the location of all proposed Subdivision Improvements within that phase of the Project, and the dimensions and intended use of any Lot to be created within that phase of the Project ("Site Plan"). Provided that the Site Plan complies with the requirements of the Municipality of Anchorage and is

consistent with the RFP Response, and provided that Owner is satisfied with the lot absorption rate in the prior phase of the Project, Owner shall promptly provide Developer with written approval of the Site Plan.

6.5 Crow Creek Road Secondary Access. During the development of the first phase of the Project, Developer will spend up to \$125,000 on planning and design documents for constructing a secondary fire apparatus access to Crow Creek Road. The secondary fire apparatus access connection to Crow Creek Road will not be constructed until the development of the second phase of the Project, after Developer completes all Subdivision Improvements within the first phase of the Project. If the Municipality of Anchorage or the State of Alaska Department of Transportation requires Developer to upgrade any portion of Crow Creek Road that is currently in existence, then all costs to upgrade the existing Crow Creek Road shall be paid for solely by Owner.

6.6 Wetland Mitigation Credits. Should Compensatory Mitigation be required for a Fill Permit from the U.S. Army Corps of Engineers (USACE) in any phase of the Project, Owner will provide Developer with Credits as required by the Compensatory Mitigation Plan through Permittee Responsible Mitigation at a fee of not more than 35% of the average area cost of similar Credits as quoted by In-Lieu Fee Programs within the Anchorage watershed such as Great Land Trust and the Alaska Railroad Corporation. Financial Assurances must be approved by the USACE, so this amount may be adjusted as required by USACE. This fee will cover the cost of establishing the value of the Credits (delineation), preparing a Long-Term Management Plan and getting the Credits and the Plan approved. Most importantly, this fee must cover the first five (5) years of monitoring to ensure the stability of the ecological value of the Preserved Wetlands, as well as caring for the Preserved Wetlands in perpetuity.

6.7 Sales of Lots. Upon completing all Subdivision Improvements within a specific phase of the Project, Developer shall use its best efforts to promptly market and sell all residential Lots created within that phase of the Project. Developer may not market or sell a Lot for less than the fair market value of the Lot. Notwithstanding the foregoing: (a) upon obtaining the Municipality of Anchorage's approval of an Area Master Plan and Preliminary Plat for the Subject Property, Developer may market residential Lots and enter into reservation agreements that require refundable reservation deposits; and (b) Developer may convey to a homeowners' association any Lot that is designated as a common element under AS 34.08 *et seq.* Owner and Developer acknowledge and agree that the homeowners' association shall only be responsible for maintaining those portions of the Subject Property that are designated and conveyed to the homeowners' association as common elements.

6.8 Developer Fee and Administrative Fee. As consideration for Developer's obligations to administer and develop the Project, Developer shall receive a developer fee ("**Developer Fee**") equal to 3.5% of all costs identified in Section 8.3(a) through (h), and an administrative fee ("**Administrative Fee**") equal to 1% of all costs identified in Section 8.3(a) through 8.3(h). Because Developer's construction loan(s) will not pay for these fees, fifty percent (50%) of the Administrative Fee shall be paid by Owner on a monthly basis upon invoicing by Developer. The Developer Fee and remaining fifty percent (50%) of and Administrative Fee shall be considered Project Costs for purposes of calculating the amount of Net Profits to be paid to Owner under Article 8. The prepaid Administrative Fee shall not be considered under Section 8.2 as a revenue received by Developer for the calculation of Net Profits.

6.9 *Marketing Fee.* As consideration for Developer's obligations to market and sell Lots within the Project, Developer shall receive a marketing fee ("**Marketing Fee**") equal to 3% of the sales price of each Lot sold within the Subject Property, plus closing costs to include escrow fees, closing fees, title insurance, and document preparation fees charged by a title company. The Marketing Fee shall be paid to Developer from proceeds generated by the sale of Lots within the Subject Property, and shall be considered a Cost for purposes of calculating the amount of Net Profits to be paid to Owner under Article 8.

6.10 *Common Element and Development Expenses (CEDE).*

- (a) No CEDE shall be charged in connection with Subject Property.

ARTICLE 7. Cooperation and Approvals

7.1 *Cooperation.* Each Party shall cooperate fully in the execution of any and all other documents and in the completion of any additional actions that may reasonably be necessary or appropriate to give full force and effect to the terms and intent of this Agreement. At Developer's request, Owner shall promptly furnish Developer with any and all information and documents available to Owner and reasonably required by Developer in fulfilling its obligations in connection with the development of the Project.

7.2 *Subordination of Owner's Interest.* Owner acknowledges that Developer will seek to obtain a construction loan for financing the cost of planning, designing and constructing the Subdivision Improvements. Owner hereby agrees to promptly execute any and all documents necessary to subordinate Owner's interest in the Subject Property and/or in the profits from the sale of Lots, to any construction loan that Developer acquires for the purpose of planning, designing or constructing Subdivision Improvements. The subordination of Owner's interest in the Subject Property will be accomplished at such time as Owner and Developer's construction lender have agreed upon the terms of a commercially reasonable inter-creditor agreement.

7.3 *Owner Approval for Substantial Matters.* Notwithstanding the powers and duties given to Developer under this Agreement, without the consent of Owner, no act shall be taken, or sum expended or obligation incurred for and on behalf of Owner with respect to any of the following:

- (a) The selection and retention of Construction and Design Professionals;
- (b) Any expenditure not contemplated in the most recent Project Budget that exceeds more than three percent (3%) of the total Project Budget;
- (c) The execution of Change Orders, except that Developer may, without the consent of Owner, authorize Change Orders affecting the construction or cost of the Project provided that the Change Order, or series of Change Orders dealing with the same subject, does not result in a cost increase of more than ten percent (10%) of the amount budgeted for such item(s) in the most recent Project Budget.

- (d) The letting of any contract or contracts for the completion of any portion of the Project that was previously covered by a construction contract, if the proposed contract, or series of contracts with respect to the same item(s), would result in a cost increase of more than ten percent (10%) of the amount budgeted for such item(s) in the most recent Project Budget.
- (e) Any arrangement for the financing of the Project, and any instruments evidencing or securing the resulting indebtedness, or any modifications therein.

Whenever Owner approval of the previous matters is required, such approval or notice of its refusal to grant approval shall be rendered promptly so as to minimize any interference with the timely completion of the Project.

7.4 Emergencies. Notwithstanding anything contained in Section 7.3 to the contrary, in any emergency affecting the safety of persons or property, or which is likely to result in a substantial construction work stoppage, Developer shall be authorized to act in a manner intended to mitigate or prevent threatened damage, injury, or loss, and shall be entitled to make expenditures in connection therewith. However, Developer shall authorize only such acts and shall make only such expenditures reasonably required to stabilize the emergency. In addition, Developer shall authorize such acts and make such expenditures only after Developer has made a reasonable attempt (if circumstances permit) to inform Owner of the cause of such emergency, Developer's proposed course of action in connection therewith, and the likely amount of such expenditures.

ARTICLE 8. Compensation to Owner

8.1 Compensation to Owner. In consideration for Owner's conveyance of the Subject Property to Developer, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, Developer shall pay to Owner fifty percent (50%) of the Net Profits generated from the sale of Lots within each phase of the Project, which Net Profits shall be determined and calculated in accordance with this Article 8.

8.2 Net Profits. The Net Profits to be paid to Owner pursuant to Section 8.1 shall mean all revenues received by Developer from the sale of Lots within the Subject Property, less any and all Project Costs incurred in connection with the Project. The prepaid Administrative Fee as described in Section 6.8 shall not be considered a revenue received by Developer under this section.

8.3 Costs Included. For purposes of determining Net Profits under Section 8.1, Project Costs shall include, but are not necessarily limited to, the following:

- (a) All fees and expenses billed to Developer by the Construction and Design Professionals;
- (b) All costs of planning, designing, developing, and managing the construction of Subdivision Improvements including the cost of outside consultants other than the construction and Design Professionals necessary to secure the entitlements, to the extent that such costs are not billed directly to Developer by the Construction and

Design Professionals;

- (c) All fees and expenses required by the Municipality of Anchorage or the State of Alaska for applications, permits, inspections, engineering, platting, and review and approval of an Area Master Plan, Planned Unit Development and/or Conditional Use Permit, including any fees charged to Developer for wetland mitigation credits under Section 6.6;
- (d) Legal fees incurred by Developer in connection with the Project, including administrative appeals and legal fees necessary for formation of a homeowners' association for the Project;
- (e) All costs of insurance maintained by Developer in connection with the Project;
- (f) Developer's financing costs, to include construction loan interest, loan fees and costs, and loan renewal fees and costs;
- (g) Real estate taxes assessed against the Subject Property and payable by Developer; and
- (h) Developer's general and administrative expenses incurred in connection with the Project, to include monthly accounting fees, tax professional fees, and office supplies but excluding office space rental costs.

In addition to the foregoing, the term Project Costs shall include the Developer Fee and remaining fifty percent (50%) of Administrative Fee as set forth in Section 6.8, and the Marketing Fee as set forth in Section 6.9. Proposed costs beyond items (a-h), the Developer Fee, Administrative Fee, and Marketing Fee specifically enumerated above require approval by Owner prior to inclusion in Project Costs for purposes of determining Net Profits under Section 8.1.

8.4 Costs Excluded. Notwithstanding the provisions of Section 8.3, for purposes of determining Net Profits, the Project Costs shall not include the following:

- (a) Costs and expenses associated with the Offsite Improvements, which shall be paid for pursuant to Article 5.

- (c) The costs and expenses of rezoning any portion of the Property from the GIP/PLI zoning district to the gR-3 zoning district.

- (d) The costs and expenses of vacating the Section Line Easement that currently exists within the boundaries of the Subject Property.

8.5 Net Profits Determined Per Phase. The Net Profits to be paid to Owner pursuant to Section 8.1 shall be determined on a "per phase" basis, after all residential Lots within a particular phase have been sold by Developer. Within thirty (30) days of the closing of the sale of the last residential Lot within a particular phase, Developer shall provide Owner with an accounting of the Net Profits for that particular phase. Upon receipt of such accounting, Owner shall have seven (7) days to provide written notice of any objection that Owner may have to any aspect of the accounting. If no objection is received within said seven (7) day period, then Owner shall be deemed to have waived any right to dispute the accounting of Net Profits. If Owner provides written objection to the accounting of Net Profits within said seven (7) day period, then Owner and Developer shall promptly and diligently work together to resolve any dispute over the accounting.

8.6 Reconveyances.

If approvals under Section 4.6 are not obtained by July 1, 2025, Developer shall return all tracts originally conveyed via Warranty Deed with no restrictions, other than those Permitted Exceptions and any restrictions that may be imposed pursuant to any approvals obtained under this Agreement, no later than July 15, 2025.

The indemnitee shall provide without cost to the indemnitor all relevant records and information reasonably required by the indemnitor for such prosecution, defense, or settlement and shall cooperate with the indemnitor to the fullest extent possible. The indemnitee shall have the right to employ its own counsel in any such matter with respect to which the indemnitor has elected to take primary responsibility for prosecution, defense, or settlement, but the fees and expenses of such counsel shall be the expense of the indemnitee.

Off-Sites Versus On-Sites

Failure to invest in infrastructure slows housing development. When the state does not pay for essentials like water, sewer and electrical systems, developers either abandon projects, build outside urban areas or pass these costs to buyers and renters. As a result, housing prices rise because infrastructure costs are not shared broadly.

Where are the Buyers for Holtan Hills?

The housing ladder represents the combined inventory of all types of housing units in a community — from ADUs and apartments to condos, townhomes, and single-family residences. Adding new homes at any level creates space for residents to move up or down the ladder as their needs change. As people transition into new housing, the homes they leave behind become available for others, creating a chain reaction of opportunity. This cycle builds more overall capacity in the market and helps meet the needs of families at every stage of life. Because Holtan Hills is a mixed density community, it is able to add units from a wide range of levels and housing types.

Step 5: Vacation Homes, Income Properties and Second Homes

Step 4: Detached Single Family Homes

Step 3: Attached Homes (Duplexes, Triplexes, Etc.)

Step 2: Apartments, Townhomes and Condominiums

Step 1: Room Rentals and Efficiency Units

Design Standards for Holtan Hills

According to the National Association of HomeBuilders, there are four exterior designs that currently typify America's housing. They are Modern, Contemporary, Traditional and Transitional. All four of these examples of exterior designs are already existing in Girdwood and we would encourage that trend. There is a strong preference for Traditional and Contemporary and most buyers prefer steel or concrete as a framing material, not wood. However, wood remains the dominant and least expensive for construction. Holtan Hills, however, will encourage a 'Mountain Modern' exterior encompassing at least three exterior textures on the front elevation.

Differences Between a Developer and a Builder

CY Investments, LLC is the developer of Holtan Hills under the Title Twenty-One requirements for a Conditional Use with a Planned Unit Development (CU/PUD). CY Investments financial responsibilities include all costs for horizontal improvements for roads, water/sewer connections to each lot, drainage, trails, gas and electric and landscaping as well as the cost for the entitlement process. The developer has created a variety of homesites that follow the existing water line previously installed in 2010 by AWWU. It is the developer's responsibility to secure the entitlements and approval of the Planning and Zoning Commission. This community meeting is part of the requirements.

CY Investments does not build homes or do any vertical construction. Builders in Holtan Hills must follow the design and landscaping criteria established by the Holtan Hills Homeowners Association. Preference will be given to general contractors with a residential endorsement which require additional education to insure the quality of vertical construction. All builders must be licensed, bonded and insured.

Homeowners Association Management

The HOA will be responsible for open space maintenance as well as the community landscaping that will be installed. At such time 75% of all lots are sold, the HOA will be turned over to a board of directors elected by the homeowners. The HOA will oversee the 50% owner occupancy requirement for the single family and multi-family property as stipulated in the A.O. Sub-associations will be created for condominiums and multi-family units. These units will fall under the Master Association, and will include responsibilities and regulations specific to the individual multifamily buildings and lots. All builders will be required to comply with the design criteria specified in the HOA documents. An architectural design review committee will be created to review proposed building design. The lot owner will be responsible for any wetland disturbance and filling and other required permitting.

- ◆ The lot sizes vary in size and width. In Blocks 1 and 2 along the main road, the majority of the lots (16) are 60-70 wide, and can accommodate a wide variety of style and layout. 6 lots are between 50 and 60 feet wide, and 6 lots are between 70 and 100 feet. In the upper area Block 3, there are 9 lots to be served by City Sewer and on site wells. Those lots range in 170 feet to 230 feet in width.
- ◆ Building Setbacks. The site plan includes building pads with 5' side yard setbacks. All front yard setbacks will be 20', and rear yard setbacks will be 15'.
- ◆ Lot coverage. A maximum lot coverage of 50%, with potential exclusions for multi-family.
- ◆ Lots 1-11, and 14 to 19, Block 1 and Lots 1-11, Block 2 and Lots 1-9, Block 3 can be developed as Single Family (Detached) and Duplex style homes.
- ◆ Lots 13 and 12, Block 1 are designated as multi family lots.
- ◆ Uses and building types. The proposed lots can be utilized as Single Family (Detached), Duplex and Townhouse style homes. These styles are also referred to as multi-family constructed in single-family style. There is also the potential for Apartment Style buildings on the larger lots. The building style and colors will be consistent with the existing "Mountain Modern" style of development in Girdwood.
