95	I live in Spenard but grew up on the Eastside of town. The chalet is named after my grandmother who was instrumental when she was on the Anchorage Assembly in preserving our community's watersheds and park land. She lived in Nunaka Valley from approximately 1962 until her death in 1999. I'm proud of my family's connection to this beautiful park and I trust the public planning process to reflect the contemporary needs of our community. I particularly like the paved bike trail through the park, the sledding hill, and the general wild feel of much of the park with its big trees and large size. It's such a cool oasis of nature in an otherwise mostly developed corner of town. The green house is so awesome too!	2/15/2019 3:19 PM
96	So much potential with the chalet, Nordic skiing, sledding!	2/15/2019 3:05 PM

100	First, I like that RJP is a large piece of public, multi-use greenspace on the east side of town. But I also like that RJP is is connected to other parts of town via the green belts, and I specifically value RJP as part of the connection between the Chester Creek green belt and Mountain View, via Pine St.	2/14/2019 3:11 PM
101	It's great to have a large green space in east anchorage	2/14/2019 2:40 PM
102	RJP is a great green pocket with surprisingly hilly terrain	2/14/2019 2:14 PM
103	Large natural space in the heart of town. Easy to access via Chester Creek Trail.	2/13/2019 11:22 PM
104	Getting out in the woods to look for and see birds, moose, owls, and other people and pets doing the same.	2/13/2019 6:18 PM
105	The relief it provides from the rush of urban life. Diagonal skiing. Strolling. Sitting by the spring or on a stump on a ridge in the north side. SLOWNESS	2/13/2019 5:53 PM
106	Proximity to home, paved trails connect me to work, cyclocross races.	2/13/2019 4:33 PM
107	Close to home but still feels remote. I like the more wilderness parts of it.	2/13/2019 3:33 PM
108	Big field's, trails and fresh air.	2/13/2019 11:59 AM
109	Fun trails in the middle of town. Running and skiing events on the golf course and trails.	2/13/2019 10:27 AM
110	It's location	2/13/2019 9:13 AM
111	ski trails, single track running trails	2/13/2019 8:34 AM
112	Although they need some repair, I like the trails, particularly on the North side.	2/12/2019 9:48 PM
113	Openness	2/12/2019 8:56 PM
114	Easy to get to, groomed ski trails, lots of good outdoor activities, the green house is nice too.	2/12/2019 5:26 PM
115	Close to my home, little pocket of nature, easy access for an evening ski, connected to trail system but not every route is a bike highway.	2/12/2019 5:26 PM

158	My favorite thing about the park is that is has remained largely "undeveloped." I bike many days a week but AM NOT in favor of STA's plan to build single track within the park. This park, with its natural spring and quiet trails is a gem of the park City's park system. Over the years I have encountered, in addition to the moose, fox, owls, a wolf, and even a lynx. The natural aspects of this quaint park are what make it special.	2/9/2019 10:09 PM

Q6 What issues or concerns would you like to see addressed in this master plan?

#	RESPONSES	DATE
1	Maybe ubdating some of the outer facilties in the park.	3/18/2019 10:15 AM
2	Sledding safety	3/8/2019 8:47 PM
3	Wish the playground was bigger. It's always pack.	3/6/2019 12:01 PM
4	There needs to be equipment that is accessible to children with disabilities.	3/5/2019 10:03 PM
5	It's great to see so many birch trees in this park. I understand removing some trees may be required for certain improvements, but trying to protect as many as possible to keep the character of the park would be appreciated.	3/5/2019 10:55 AM
6	There is a lot of homeless camps inside the park, some are overrun with trash.	3/4/2019 10:02 PM
7	Crime. That seems to be one of the problems, homeless camps etc.	3/3/2019 8:33 AM
8	Better lighting expanded greenhouse with indoor play area	3/2/2019 4:15 PM
9	Minimal change and/or development	3/2/2019 3:42 PM
10	More viewing space at the RR Club. A better exterior; looks ratty, like it's going to fall down	3/1/2019 9:49 PM
11	Improvement of the outfield for softball. The grass is typically quite brown.	3/1/2019 3:11 PM
12	No signs or maps at intersections	3/1/2019 10:46 AM
13	I am hesitant to spend much time stopped in the park due to homeless people. At least twice, I have run through the park and have seen someone defecating close to the trail. Numerous other times I have seen very disheveled people when I run or bike through. I'm not sure if the Master Plan for the park can solve this issue but my safety is the main reason I do not spend more time in the park.	3/1/2019 8:33 AM
14	More legitimate loop trail on the south side.	3/1/2019 8:19 AM
15	Safety and lighting	3/1/2019 6:24 AM
16	safety on the north of debarr section	2/28/2019 5:50 PM
17	Lack of re-purposing the older structures/functions that fallen out of use and experiences vandalism and lack of ownership by the community. What's the 'vision' for these spaces?	2/28/2019 5:23 PM
18	Maintenance and improvement of paved trails. So many routes, but in dire need of resurfacing and widening to better accommodate users.	2/28/2019 3:56 PM
19	less golf more other activities. Keep the greenhouses! Safety.	2/28/2019 3:14 PM
20	Keeping wooded areas, especially south of DeBarr	2/28/2019 3:06 PM
21	The roots of trees next to the trails make the walking uneven.	2/28/2019 10:36 AM
22	Lighting	2/28/2019 10:20 AM
23	Many of the trails are very isolated. I would like to see ways to increase the number of people using the park. The park is fairly unsafe to access from the neighborhood west of Pine. I would like pedestrian safety addressed and a better connection from Pine to the bike trail that does not involve the parking lot.	2/28/2019 12:26 AM
24	More diversity in activities- I am in complete agreement with the proposed YEP single track plan. I would like to see more running / commuting / walking in the park - AKA slow activities that keep eyes on the park.	2/27/2019 7:39 PM

26	Better cycling/bike commuting connections. It's a logical connection point for the Chester Creek mulit-use trial to connect to the Glenn Highway Multi-Use Trail in someway through this park. Improvements to the sense of security. With lower income neighborhoods nearby, there is a sense of lower security especially at night. Not all of the connecting trails are lit. The tunnels do not feel safe. The secluded parking lots within the park attract undesirable activities. All of these factors contribute to a higher level of graffiti and vandalism that occurs to park property and vegetation (trees) in this park. Improvements to wayfinding. This is a confusing park to navigate if you are new to the area. Improvements to dog owner/dog waste issues. Dog owners do not respect the trails in regard to dog waste (although a problem throughout Anchorage). This is a natural spring source. Let's protect it better.	2/27/2019 2:05 PM
27	I noticed last summer while hiking thru the park that there was a lot of evidence of people residing/camping/squatting/what have you in some of the more remote areas. The people themselves don't concern me too much, but the fact that there was trash and human waste scattered around is both ugly and unsanitary.	2/27/2019 1:15 PM
28	Prefer the skate park to be a little more separated.	2/26/2019 9:43 PM
29	The westernmost side of the park, along Pine St, was never fully restored after previous wind storms. This blocked trails, changed user traffic, and allowed homeless camps to appear. Homeless inebriates make the woods unsafe.	2/26/2019 5:54 PM
30	Homeless camps. Safety	2/26/2019 12:12 PM
31	High homeless population, camps and amount of garbage	2/26/2019 11:51 AM
32	bumpy paths	2/25/2019 11:56 PM
33	Dark tunnels, lots of ruts on the pavement over by debarr	2/25/2019 10:01 PM
34	Some sketchy characters are out and about sometimes. I was once chased in the park which makes me only want to visit with a friend along. I would like to see continued and increased use by commuters and recreational users to cut down on number of folks who I need to use caution around in the park. I think if there were more mountain bike trails folks wouldn't be up to no good in the woods.	2/25/2019 8:58 PM
35	Homeless camps, better trails for mountain biking	2/25/2019 7:15 PM
36	Stop all the talk about development! This was one park where the rat race was kept at bay. Slowly but surely Parks and Rec have been promoting athletic activities which have resulted in huge portions of the park being dedicated to "partners". Some crazy person actually ran down from the chalet to scream that we could not walk on the "golf course"!	2/25/2019 12:12 PM
37	Preservation - park is being destroyed.	2/25/2019 11:25 AM
38	I went and looked at the last master plan (1979) and I thought it did a really good job most attending the hearings held at ASD Board room years ago also agreed (like 200:1) that there should be no more development at RJSP. I am a bit annoyed that it is two days from your first workshop and there is nothing posted as to what you have done in the last year as far as planning. I am also concerned because going back through the history, it looks like you have continually ignored the public's concern and have catered instead to user groups looking to create specific facilities in the park. I suppose the one major problem we are facing (other than the attempt to turn the park into a gymnasium for millennials) is the conversion of park trails into major transportation thoroughfares with the result that we now have shoppers, bikers doing 30 mph, dog walkers, and toddlers all at the same time which adversely has impacted the park. Add to that the whacking of trees and brush to make the hysterical feel better and enable bikers to go faster, and the very nature of the park is being destroyed. We need a commuter route along 20th and Boniface like the one in place along Pine and the current paved trails narrowed.	2/25/2019 11:12 AM
39	Homeless camps are there, nearly all year. A effective plan may be formed to resolve this issue; in a efficient safe manner for all involved.	2/25/2019 11:06 AM
	Homeless camps are a problem. XC ski grooming is inconsistent in the north unit. Off leash dogs	2/24/2019 8:41 PM
40	outside of the dog park are rampant, as is dog feces left by owners. Finally, I've only seen police once on patrol in the park (a summer school resource officer on bike patrol). I'd like to see more bike patrols on the trails.

43	Safety, cleanup	2/24/2019 12:09 PM
44	I want the park to be developed as little as possible to preserve the natural setting it is.	2/23/2019 4:14 PM
45	Homeless residents in park, maintenance jntrvald	2/23/2019 4:10 PM
46	It would be great to have the singletrack trails improved since people already use the side trails. The camps are always a concern as well.	2/23/2019 4:08 PM
17	Not aware of any.	2/23/2019 1:30 PM
18	Homeless in the park. I feel unsafe	2/23/2019 1:27 PM
49	Keep everything :) we love Russian Jack.	2/22/2019 8:31 PM
50	Better maintained trails	2/22/2019 7:14 PM
51	More trees/shade near polar bear park, I feel that the hill near the playground is too big with not enough space at the bottom for safe sledding or skiing. I do not let my kids go into the woods because of homeless camps but addressing those is beyond scope of masterplan.	2/22/2019 2:38 PM
52	Hopefully the MTB trails that were designated for improvement end up being improved.	2/22/2019 9:08 AM
53	That use of city parks is beneficial to all user groups, and all user groups can be happy with the final plan.	2/22/2019 8:11 AM

55	Not safe	2/21/2019 11:22 PM
56	aging building	2/21/2019 9:01 PM
57	Would like to see the paved trails resurfaced and cracks repaired. Also, as a single biker, I would like the plan to address opening up treed area along bike path and open up site lines to make the trail safer for all users.	2/21/2019 6:17 PM
58	Preservation of the natural character of the park; maintenance of existing facilities. I am concerned that an extensive network of singe-track bicycle trails will be cut into the forest.	2/21/2019 3:45 PM
59	The park in its entirety must be preserved and protected from "user groups". The CAG, which focuses on user groups, in fact does not include non-traditional users groups, like skijax or the "RJSP user group" (a "non" user group). It seems like it is handpicked to increase pressure on the park, and increase parceling the park up to such groups. And on that subject (i. e. the hand picking of the CAG) I am concerned that P&R have refused to address issues raised by community councils, have suggested that concern over the park by such councils is an attempt to sabotage planning, and the misrepresentation over the history of the park vis-a-vis P&R's actions which have historically run counter to the Master Plan in place. I would like to see P&R cease and desist from changing the nature of trails (for example from dirt to gravel) without community notice and calling that "maintenance", I would like to see P&R comply with Title 21. I would like to see P&R cease claiming that game trails present in the park are "social trails" available for "development" without the required public process. I am VERY concerned that the aesthetic inherent in RJSP is continually degraded by virtue of an intent to increase "sight lines" and remove undergrowth as those practices denude the park and decrease the ability to perceive one is not in a crowd.	2/21/2019 3:13 PM
60	Improve golf tee boxes and greens. Signage prohibiting long ball hitters from hitting softballs over the fence onto 6th avenue.	2/21/2019 2:57 PM
61	I would like to see the existing dirt trails smoothed out, and more singletrack trails for biking and running. More frequent grooming and trails for skiing only would be great. I have notice garbage and evidence of camps in the woods that should be strongly discouraged and cleaned up.	2/21/2019 12:59 PM
62	Crime, Trash	2/20/2019 5:12 PM
33	More softball	2/20/2019 4:35 PM
64	Better bathroom. Better softball fields	2/20/2019 4:21 PM

I've also come across questionable individuals on the trails on the south side, which usually causes me to alter my route to avoid them. I would be concerned that adding much singletrack aimed at mountain bikers would change the feel too much. 95	It's a big park and security may be improved by some tree thinning and upgrades to attract more folks to the park.	2/12/2019 9:48 PM
96	I have seen a few locations with homeless camps popping up. It would be nice to get more use in those areas to maybe make them less desirable for camps. The North side has lots of potential for trails, the ski trails are nice but don't get much grooming.	2/12/2019 5:26 PM

117	The division between the north and south parts of the park (especially the underpass at Debarr) feels sketchy. I don't know if it's a lack lighting, trash, or something else, but I sometimes don't feel comfortable crossing over to the north end of the parkor vice versa.	2/10/2019 10:18 PM
18	Anchorage and all of Alaska is missing an good mtb/bmx dirt jump park. There are a ton of kids out there that would be able to get into the sport with the building of a public jump park! At the moment there are dedicated riders building their own trails but many jumps that were made with very hard work and many hours were torn down. Having a legal public park is important! Since the skatepark is already there, Russian Jack would be the perfect place to build dirt jumps as the disciplines cross over.	2/10/2019 9:55 PM

141	Improve the parking along boniface. It's currently a little undersized, the lot can ably be accessed from the south bound traffic, and visibility into that lot from the road is not great, so it tends to leave a feeling of 'what am I getting myself into, that car looks creepy' when driving by.	2/9/2019 8:08 AM

160	The sledding hill is super fun and we might be able to improve safety there with some kind of soft barrier (hay bales in the past) to the treed area.	2/8/2019 11:52 AM
161	I would like to ensure the area east of the existing golf course, and west of Boniface Parkway is maintained for its natural configuration as much as practical. Bike / cross country skiing trails should have their surfaces maintained for those activities (occasional damage to the asphalt surface presents some dangerous obstacles to bikerswould be bad for those folks to be injured). The bridge surfaces are often slippery, an alternate surface might help? There are some homeless / criminal / vandalism issues which could be helped by more frequent pass-throughs by APD personnel? The Russian Jack Springs water area should be maintained in a natural stategolf course expansions, if any, should be kept to the west side of Lidia Selkregg Lane.	2/8/2019 11:47 AM

I am disabled and don't get very far from home. I know I'm selfish but want very much to keep it the way it is.	2/7/2019 2:40 PM

214	My main problem right now is all the trees that are still down from the wind storm several years ago. Trails are buried under trees. And the other thing is the poor condition of a lot of the trails in the park.	2/6/2019 10:48 PM
215	Bathroom in the north park, better signage in some places (maybe entire park map signs at key trail entrances)	2/6/2019 10:34 PM
216	Less camping of homeless and less using the dog park area near old campsites as dumping ground for landscaping waste by the muni	2/6/2019 10:31 PM
217	I don't see a lot of homeless camps in RJ but I do now recall one over by the fields last fall during a Tuesday night race. It was very obvious and prominent. We need to solve that problem generally in greenspace, but they should never be so blatantly in our parks where kids and families gather.	2/6/2019 10:05 PM
218	Feeling less than secure about using certain parts of the park, due to underdeveloped/underused trails, combined with vagrants and homeless camps.	2/6/2019 9:49 PM
219	Maintain and upgrade existing facilities and look for new ones.	2/6/2019 9:49 PM
220	Keeping the spring clean from runoff from the parking lot, the homeless encampments, and the encroachment from (dog) walkers on the ski trails north of DeBarr Road. The dog park should be fenced and signage up to keep them off those trails. The north trails should be groomed for skiing on a regular basis, not ignored.	2/6/2019 7:47 PM
221	Sad state of the paved trail maintenance	2/6/2019 7:38 PM
222	More safety on the sledding hill so sleds curve more to the middle and not off into the trees on the right side of the hill. Removing old poles and obstacles would help too. I would also like to see the removal of Campground and bathrooms on the Boniface side of the park. It can be a little sketchy in that area of the trail system.	2/6/2019 6:38 PM
223	Homeless camps	2/6/2019 6:16 PM
224	improving the quality of the paths leading in to the park (I walk from Bragaw/near East High, and the paved trail is a mess with potholes and roots). also maybe community engaged graffiti control?	2/6/2019 5:00 PM
225	Safety	2/6/2019 4:51 PM
226	I don't feel comfortable on the trails or being off trail alone in the park because I have run into homeless camps.	2/6/2019 4:05 PM
227	I would like to see the items identified in the initial master plan, except for moving the green house to Pine. I wold like to see the golf course closed. I would like to see a schedule of all park assets in a GIS system. I would like all trail assets to be properly identify under the Trail Plan rubric. I would like to see all natural resource areas PRESERVED. Blow down from 2012 needs to be addressed.	2/6/2019 3:52 PM

265	Trail conditions and wayfinding. It is very hard to get bearings in the Park, even for those that have used the trails frequently in the past. The trails need a lot of love, they have deteriorated significantly in the past decades.	2/6/2019 11:00 AM

266	1.Repave & widen all existing trails for safety. 2.Add paved trails @ unofficial access points such as Glacier & E 20th, Wesleyan & E 20th, & Farmer Place. 3.Widen & repave trails that connect to E 20th Avenue going to East High, bridge @ Northern Lights @ East High, & trails that connect to other parks & trails. 4. Clear sides of trails for better visibility of other users & animals on the trail. Keeps moose further from the trail, & reduces blind corners & curves. 5.Add lighting to all paved trails. 6.Pave and light all parking areas. 7.Limb up trees in parking areas for better visibility & safety. 8.Add Mutt Mitt dispenser & bear proof trash cans. 9.Add way finding signs and maps that include paved and unpaved improved trails. 10.Prevent illegal car & motorcycle trail access with barriers, bollards, or boulders. I have seen unauthorized cars and motorcycles on paved trails. 11.Block trail at end of E 20th east of Glacier. 12.More patrols of parking & access points to reduce negative activity & litter. 13.Light roads used for parking and access for security. 14.Pave bike access to E 20th. Prevent cars blocking entrance. Replace redundant gate with boulders or bollards. Currently have narrow, rutted, root filled access right of gate. This is across from 5206 E 20th Ave. 15.Fence dog park. 16.Widen and secure entrance to soccer fields for mowing with bollards or a gate. 17.Improve unpaved trails in underused areas of park.	2/6/2019 10:47 AM
267	The paved trails as well as the soft surface trails could use some love. Wayfinding is a big issue. The trails aren't named and signs are almost non-existent.	2/6/2019 10:45 AM
268	There are some areas that acquire rather extensive homeless camps on a regular basis. I am not sure how to solve this, but it seems to negatively impact most park users perception of safety.	2/6/2019 10:42 AM

277	A lane for walkers would be lovely it's quite dangerous when they are unaware (frequently, using headphones or phone or otherwise occupied with something other than the scenery) and wander in front of bicycles. 284	Not family friendly anymore. I had an incindent when golfer was possibly drunk, was disrespectful and aggressive toward me and my children. He shoot ball at my car as I was loading my children in. I forgot my cell phone at home so I felt very helpless in this situation. I preferred Russian jack before golfers when I could bring blanket and have picknick with my children and friends.	2/5/2019 11:53 PM
285	On several occasions, I've encountered homeless camps, homeless people sleeping on the trail and blocking it. I'm a single female and this can be frightening.	2/5/2019 11:30 PM
286	Resurfacing the bike trail. Cleaning out homeless camps often. Especially the ones that haven't been addressed in years. Loitering and drug activity at the playground parking lot is a major problem.	2/5/2019 11:22 PM

287	The ski-only trail signage on ski trails silently disappeared over the past ten years with no public process that I was aware of. Not every trail needs to be just for skiing, but certainly some should still be (and they were built for skiing in the first place.) Improvements to some trails by selective careful widening in places to allow better grooming by a larger machine when midwinter thaws freeze the surface into hard ruts. Clearly inventorying and identifying different trails and their uses would go a long way. Paved trails are long neglected and the plan should consider the Russian Jack trail as the eastern extension of the Chester Creek Trail, maybe to get better maintenance support. Lighting of the connector into Nunaka Valley. Lighting of the northern paved trail. A plan for rehabilitating or removing structures from the old campgrounds and assessing whether vehicle access at odd spots around the park is a good thing or not. Mapping of a winter bike/fat bike trail network. Considering longer open hours at the greenhouse and how it fits in with the park. Celebrate and encourage the park's value to East High, Russian Jack Elementary, Nunaka Valley Elementary, Wonder Park and Winterberry. This park is their sports practice venue (skiing, xc running), nature walk destination, and commuter route used by students from home to school. Look at the park with a child's eyes and think - can a child navigate the park to where they want to go? Will a child be safe in the park? Are facilities available and maintained for kids to use or to seek safety if they are lost or feel threatened? Are park staff staying on top of homeless camps and crimes occurring within the park and are park staff providing a regular presence out on the trails?	2/5/2019 11:14 PM

291	I would just like the topic of homeless people who establish permanent campsites in the park to be at least thought of. The trash a permanent campsite generates ruins the park experience for others.	2/5/2019 9:49 PM
292	The homeless camps and drug transactions have really picked up and it is uncomfortable and scary to be on the trails at times. Vandalism is always an issue too.	2/5/2019 9:46 PM

294	Real golf greens, not concrete. Safetyso many homeless and sketchy activities make it sc I don't feel comfortable on many of the trails.	2/5/2019 9:41 PM
295	Way finding for people new to park. North to south trail that would be friendly to commuters (ie rather straight and near a thoroughfare like boniface). Improved sledding hill, better meeting or community space at chalet maybe something similar to Kincaid.	2/5/2019 9:04 PM

311	Homeless leaving camps / trash	2/5/2019 7:44 PM
312	No development, no ball fields, no sports anything, police supervision of the parking lots. I have seen some strange, I would assume drug related, and if it gets worse, I won't visit the park anymore. I basically use it to walk my dogs.	2/5/2019 7:43 PM

345	My biggest concern in all of the parks is the homeless camps and security/safety. Also, unleashed dogs, and dog owners not cleaning up after them.	2/5/2019 5:39 PM
346	I suppose I most concerned with the consistent efforts by the MOA to destroy the park.	2/5/2019 5:34 PM

5	Wish it was bigger	3/6/2019 12:01 PM

7	I would like to see more trails, particularly mountain bike or snowbike trails.	3/4/2019 10:02 PM

11	Turf infields on RJ1, RJ2, Cartee 5, Cartee 6.	3/1/2019 3:11 PM
12	Better trail continuation to Cheney lake	3/1/2019 10:46 AM
13	Repaving parts of the bike trails especially the trail the connects to East High would be great. Easier to read trail maps and signs on the trails in the park would be helpful too.	3/1/2019 8:33 AM
14	Trail and path connectivity and easier wayfinding for nature walks and skis for folks with children.	3/1/2019 8:19 AM

18	Snow board park, single track trails, better mapping and upgraded chalet with food and beverage service during peak hours.	2/28/2019 4:24 PM
19	See above.	2/28/2019 3:56 PM
20	less golf more other activities. Keep the greenhouses! Safety.	2/28/2019 3:14 PM

25	See #6	2/27/2019 7:39 PM
26	I would like to see purpose built mountain bike trails. Their is already trails but are getting eroded.	2/27/2019 3:28 PM
27	additional parking for chalet, trail signage (including maps)	2/27/2019 2:39 PM

28	Improvements to the existing paved multi-use trails would be paramount. The subbase materials need replacing to reduce the chances of future cracks and settling once repaved. Improved bridges across waterways. The wooden ones are very slick when wet. Lighting the access pathways to the main multi-use pathway would improve safety. The tunnel under Boniface from Twinnings and the Nunaka Neighborhood is a very icy problem in spring. Improving drainage so water does not enter the tunnel would be great. Expanding the public portion of the display greenhouse would be lovely. Maybe a Winter cafe or gathering/event space within the greenhouse. Create a full loop paved path around the entirety of the park within its boundaries (not just the edges). A second tunnel (or overpass) would be needed on Debarr to complete this.	2/27/2019 2:05 PM
29	I actually really like the park the way it is. It is undeveloped enough to where I can feel like I'm really out in the woods. I'm not much of a people person, so I'd probably prefer to have fewer activities and upgrades done, but I understand that I'm in the minority.	2/27/2019 1:15 PM
30	Upgrade softball fields	2/26/2019 9:43 PM
31	More attention on the maintenance of "soft" surface trails for multi-use and thinning of the foliage to open sight lines and reduce hidden homeless camps for safer park. All fire pits, abandoned structures, and previous camp sites should be removed.	2/26/2019 5:54 PM
32	Single track mountain bike trails!	2/26/2019 12:12 PM
33	Increased Lighted trails from main trail to neighborhoods. Single track bike trails	2/26/2019 11:51 AM
34	Perhaps more lights? Resurfaced trails.	2/25/2019 11:56 PM
35	Playground near the green house! Mountain bike trails	2/25/2019 8:58 PM
36	More off pavement trails	2/25/2019 8:38 PM
37	Purpose built mountain biking trails	2/25/2019 7:15 PM
38	Turn soccer fields into fenced dog park. Ban bicycles through the park. Narrow trails and reduce the ability to see down trails to increase ability of park to host more people without people having to see others. More trash receptacles Park patrol to cite scofflaws, keep park clean and maintained, provide for rapid response to removing campers immediately. No more upgrades, new activities, or development. No more people. Turn the lights down.	2/25/2019 12:12 PM
39	Close the golf course. Post 5mph speed limits and lane lines or close the paved trails. No bikes on soft trails. No new or upgraded trails. Reduce width of trails. Move dog park to "soccer fields" and fence or flag.	2/25/2019 11:25 AM
40	I want to preserve the park and NOT develop it. I would like to see the golf course closed, the second tunnel established. Lighting on trails for children. Lower lightening on all lamp posts except at chalet. Restore the tow rope, Double track all the trails and keep them narrow with short sight lines and speed limits of 10 mph.	2/25/2019 11:12 AM
41	Have patrols, throughout the park, deter homeless camps. Make a drop box for, current, concerns; some of us do not use cell phones/text!	2/25/2019 11:06 AM
42	More xc ski lessons offered in the park - currently emphasis is on Kincaid, across town. The north unit paved path needs repaving, and a portion just north of Debarr underpass needs lighting.	2/24/2019 8:41 PM
43	Just keeping it safe	2/24/2019 3:57 PM
14	Upkeep would be good	2/24/2019 3:16 PM
45	More biking	2/24/2019 12:09 PM
46	Minimize cutting down trees. Plant new trees. Garbage cans at trail heads. Remove the golf course to make more trails with vegetation, but keep the ski trail and some green areas to picnic and play (without playgrounds.)	2/23/2019 4:14 PM
47	Parking, access, accessibility updates, maintenance of facilities.	2/23/2019 4:10 PM
48	Upgrades to the uneven pavement and singletrack maintenance.	2/23/2019 4:08 PM
49	Patch bike trails. Remove frost heaves	2/23/2019 1:27 PM
50	Evening kids activities?	2/22/2019 8:31 PM

52	Super simple ski pull so skiers can go up the hill by the chalet. Golf camp for kids.	2/22/2019 2:38 PM
53	The more MTB trails there are the better. These trails are for bikers, walkers, runnersand they help eliminate people simply drinking and littering.	2/22/2019 9:08 AM
54	Mountain bike trails. Widening of ski trails on Norther part of park	2/22/2019 8:11 AM
55	decidated single track bike trails to bike, run and hike on.	2/22/2019 7:51 AM
56	More lights	2/21/2019 11:22 PM
57	repave the trails	2/21/2019 9:01 PM
58	I don't think that and new activities are necessary, nor are any significant changes.	2/21/2019 3:45 PM
59	It would be nice if the items that have remained in the Master Plan for almost 40 years were the subject of some effort by P&R, including but not limited to the second tunnel under DeBarr, and the lighting of the trail to Nunaka Elementary. It would be nice if the golf course were shuttered or limited. It would be wonderful if as part of this process all trails in the park were subjected to the rubric included in the trail Plan, and it would be nice if BEFORE any attempt at Master Planning, a natural resource plan was developed based upon REAL data and a REAL inventory published and reviewed by he WNRAC.	2/21/2019 3:13 PM
60	More senior activities. Improve/expand public access to greenhouse.	2/21/2019 2:57 PM
61	singletrack biking trails, improved smoother surfaces on dirt trails (but still dirt), more ski trails. Signage about trail etiquette (dogs on leash, walk on the side and not in the ski tracks, pick up after your dog, and skiing only if skiing-only trails are established)	2/21/2019 12:59 PM
62	Legal hunting of snowshoe hare	2/20/2019 5:12 PM
63	Better softball	2/20/2019 4:35 PM
64	Better fields Bathroom	2/20/2019 4:21 PM
65	better parking on the south/east sides of the dog park	2/20/2019 12:36 PM
66	Bathrooms for North side playgrounds and ball fields, new outfields for all softball fields. Improved bike trails. No new development until old infrastructure is fixed and maintained.	2/20/2019 10:14 AM
67	How about an interpretive sign explaining the history of the park and how it got its name? I've lived in the area for over a decade and know very little about this park. Preferably no new trail development, or "upgrades" to existing trails, other than to alleviate the mud in places. Protect the trail that traverses around the head of the springs (don't turn it into a bike trail), to protect the special nature of this pristine setting, where the water never freezes, even in the depths of winter. Maybe rehab the trail on the west side of the south half of the park, where so many trees fell in the windstorm several years ago, clearing/cutting through the trees and making it less muddy and more enjoyable to walk.	2/19/2019 12:28 AM
68	Upgraded and expanded hours for the Chlaet.	2/18/2019 5:22 PM
69	Better single track bike trails	2/18/2019 12:59 PM
70	Unknown	2/17/2019 8:32 PM
71	Fenced, sectioned-off dog areas would be great!!! We have a rescue dog that isn't good with other dogs so it's really hard to take her to parks that aren't dog friendly with nearby parking.	2/17/2019 12:09 PM
72	We need to first maintain what we have. I'd like to see the chalet used as a pilot project utilize solar energy since it's south facing and upgrade energy efficiencies.	2/15/2019 8:07 PM
73	I think maintaining or upgrading existing facilities is more important than new development.	2/15/2019 5:56 PM
74	Mostly I like to use the trails and wild areas between the trails. I like the park fine, just the way it is. Aside from cleaning up and improving a few trails in the North half of the park, I would leave it as it is.	2/15/2019 3:47 PM
75	It would be cool to modernize the Chalet. It's in such a beautiful location but feels a bit dated. Like could it have a coffee stand and perhaps a cafe? Maybe let Kaladi Bros or Steam Dot operate a	2/15/2019 3:19 PM

Perhaps also some kind of botanical garden (summer and winter) could tie the park spaces into the greenhouses.	2/15/2019 3:05 PM
77	Return disc golf to the ball golf course. It just makes sense for all golfers to use the existing course.	2/14/2019 4:11 PM
78	The park would be improved with the addition of some designed and maintained single track mountain bike trails. The current social trails are fun, but designed singletrack would be much more fun, and would bring more users to the park.	2/14/2019 3:11 PM
79	Better parking so larger races can host there. I'd also like to see old infrastructure that not used anymore to be removed and clean up the park.	2/14/2019 2:40 PM
80	I would love to see mountain bike trails and anything else that will get lure regular traffic to the park. If the trails were more popular, I think they would feel safer.	2/14/2019 2:14 PM
81	Some existing dirt single track trails could be improved for mountain biking, hiking and running by removing roots, cutting back grass and devils club.	2/13/2019 11:22 PM
82	Would not mind if a limited number of improvements could be made to some of the social mountain bike trails (slight widening and grade reductions). How about a fire pit outside at the Chalet?	2/13/2019 6:18 PM
83	1) All paths/trails not excluded to bicycles should have a turn radius no less that would be identified by y=.2x^2+12 where x is the maximum expected speed, and y is the turning radius. Paved trails should be properly maintained at all times, should never have a gravel shoulder, should never be over 8" wide, and should have lane lines. Bridges should have path surface coated with non-slip material, should have a written and published maintenance schedule, should have foundation tubes or abutments far enough outside waterway as to avoid subsidence as presently evidenced. Optical map codes that can be used with smartphones should be deployed regularly around the park. Lighting should be lunar resonant or close (sledding hill presenting a possible exception). Tunnel entrances should protect those exiting and entering the tunnel from ice and debris ejected on the roadway above as done at other such locations with screens. Build the second tunnel (its only been 40 years without P&R even bringing it up) Fix the culverts on the paved trail. install culverts on the "Social Trail" (the one that shows up on Master Plan on south side) but keep the trail the same width and unpaved. Chip the windfall and use the chip to help with the surface of that Social Trail. DO NOT try to turn any of the existing game trails into "social trails" and use that as an excuse to gravel or pave them. Stop using crushed white gravel in the park EVER. No more development in the park unless approved by 2/3 of all voting members of all community councils within 1 miles of the park. No masquerading development as maintenance Put an end to skate skiing in the park except on golf course fairways, STOP grooming trails to more than 8 ft, and groom all trails as double tracks. Hire a park warden to walk the park every day and put an end to loose dogs on the thorough fares. 93	I would like better connectivity from Russian Jack to Cheney Lake and from Russian Jack to the Ship Creek trail system. Please bring back disc golf.	2/12/2019 5:26 PM
94	1. Disc golf was a great addition to the park and we miss it! East side needs this activity reactivated. Also, if offered free to publiclike KincaidRJ would quickly become most popular disc golf venue in town. Participants would dwarf conventional golf use. Previously it was just too expensive to draw much use. 2. Build or complete single track bike loops that don't impinge on skionly loops. 3. Two new 2.5 K ski-only loops—north and south side—that take full advantage of the hills and are segregated from lighted bike path, which has morphed into four-season MU with dog walkers and bike commuters. 4. Salmon. This might be outside the scope of this project, but it's worth noting that spawning coho salmon increasingly make it all the way up Middle Fork of Chester Creek to the Bragaw Road culvert west of East High at corner of 20th Ave. Then the creek goes underground and emerges just west of the park out of a broken-down concrete portal that appears to block fish passage. IF that underground stretch of the creek were reestablished on the surface or altered to allow salmon passage, salmon would travel into the park to spawn. An extraordinary improvement to the habitat.	2/12/2019 3:16 PM

When grading trails for mt. bikes, make sure those trails are identified so that hikers know that a bike can come downhill around a blind curve on that bike trail. 115	I'd like to see trails built specifically for single track mountain biking. The current trails are root-filled and difficult to navigate on a mountain bike.	2/10/2019 10:29 PM
116	There are quite a few social trails through the woods that I run and bike on in the summerI'm never sure if I should be biking on some of them. If there were designated single track bike trails, that would solve some of the uncertainty.	2/10/2019 10:18 PM
117	As I expressed before I think Anchorage is missing a dirt jump park and Russian Jack could be the perfect place to build one. There are a lot more adults and kids out there that enjoy the sport than you might think. Would be a huge opportunity for kids to be able to ride a public park.	2/10/2019 9:55 PM
118	More lighting	2/10/2019 9:45 PM
119	Well designed and constructed sustainable mountain biking trails. A bike park to challenge east Anchorage bike riders. Youth summer and winter biking program. Better lighting. Remove camping and homeless. Better trail signage. Keep the big trees and natural flowing waters.	2/10/2019 9:23 PM

127	It would be great it if wasn't a golf course anymore. Sometimes I wish I felt a little safer. The chalet area feels pretty safe to me, but some of the side parking lots seem kind of shady. It is a beautiful little park. Maybe having more clear trails through the woods for jogging off pavement would be nice. Single tracks for biking would be fun too.	2/10/2019 7:03 PM
128	Would love to see more dirt trails! Multi-purpose or mtb specific. Since there is a skate park, it would be great to see a bike skills park as well.	2/10/2019 7:00 PM

139	I go there to walk my dog down the trails, many of which are not dog walking trails. But are well lit and open trails, making for an excellent walking option in the long dark winter. I always feel secure walking these lit trails with my dog, plus it's AK and you can pretty much take a well behaved dog anywhere with out getting frowned upon. You don't need to build new trails, but you can add dog walking routes.	2/9/2019 8:08 AM

172	More paved trails with lighting, more picnic areas.	2/7/2019 5:59 PM
173	More trails utilizing the whole park. Consistent Grooming for the winter trails in the park	2/7/2019 5:24 PM
74	I'd like to see a larger facility for the model railroad club.	2/7/2019 4:54 PM
175	The homless community is desperate need of a "bang shack" since you made the elevators at the bus station for non fornicating homeless only. I would reccommend the creation of copulation station that is heated, and it should be named the Charles Meach Memorial Copulation Statation.	2/7/2019 4:52 PM
176	Upgrade trails for they have good loops. Signage. Not really interested in increased usuage. Better parking at Cartee and Russian Jack softball fields. More restrooms. Bring back the campground.	2/7/2019 4:51 PM
177	Continue with what you are doing well. Please do NOT change winter skiing trails on north side. I like them without upgrades. Much nicer than those open ones on the south side.	2/7/2019 4:42 PM
178	less dumbdown more fun equipment	2/7/2019 4:31 PM
79	better signage for the trails; educational panels sited strategically within the Park	2/7/2019 3:57 PM
180	Keep from creating parking lots as much as possible. Ride hail services like Uber will probably displace a lot of cars in near future. Do away with traditional golf and turn that course into the nicest dedicated Disc golf course in the nation. Put a pub in the chalet.	2/7/2019 3:50 PM

191	Over all park needs to be preserved. No new development. No new activities. Terminate skate skiing. Close golf course 4 days/week. Build second tunnel. Maintain existing trail and leave game paths alone!	2/7/2019 1:49 PM
192	I support the proposed new single track bike trail Continue to allow high schools to hold cross country races in the park	2/7/2019 1:02 PM
93	Prune trees, clear brush, and lighting	2/7/2019 12:33 PM
194	I don't think new activities are needed- make the current activities accessible to neighborhoods across Debarr and Bragaw. Nature study, biking, hiking and skiing are valuable activities.	2/7/2019 11:03 AM
195	More light on paths and trails.	2/7/2019 10:54 AM
196	More ways to interact with the park, e.g. trails (paved or unpaved) that get people into more parts of the park; new uses or activities in the Park, e.g. small pump track or beginner mountain bike trails; and better care of the golf course.	2/7/2019 10:33 AM
197	better signs for ski vs general use trails in the winter, better restroom facilities,	2/7/2019 10:16 AM
198	Better mapping for existing trails, better signage for winter trails, unpaved North-South trail on West side of park	2/7/2019 9:40 AM
199	Perhaps publicity over the goodness of the spring water. Improved access to the source might be nice.	2/7/2019 8:24 AM

201	Tuesday Night ski races with the Chalet open to help newcomers borrow gear to try out Nordic	2/7/2019 7:22 AM

202	I would like the lower woods (near Pine St.) to be cleaned up and some more paths to be put in. We need trash cans put back in the park: at least near the Nunaka tunnel and the Debarr/Boniface corner entrance. Those of us who have to pick up after others need somewhere to deposit litter and/or poop bags.	2/7/2019 6:44 AM
203	Upgrade safety. Please don't developed so much that you make a field! NO frisbee golf. How about some games like bocce, shuffleboard, etc. in the area near the chalet but you can get the gear when it's open.	2/7/2019 4:54 AM
204	I'd like to see the edges of the trails have wood chips for a softer running service for those of us that are older, but still want to run.	2/6/2019 10:48 PM
205	lighted trail enchancement	2/6/2019 10:31 PM
206	Are there any bike racks at the chalet? Maybe I'm forgetting them. Safer sledding and getting rid of the chain link barriers. Refinishing the wood pilings and parking barriers, etc. just to clean up the look and modernize a bit (which promotes good behavior and makes people feel good about places). I would probably support more winter single track bike and groomed xc ski trails. There's a lot of room in there, but they'd need to be well thought out.	2/6/2019 10:05 PM
207	Would love to see the proposed/planned for beginner bike trail improvements move forward - was super disappointed to hear that it got derailed by a single community council member, who doesn't even live in Russian Jack district, who is opposed. We have kids who are learning to bike, and it would be a great asset, and way to get more use in the N side of the park, to add amenities like an introductory single-track bike trail system.	2/6/2019 9:49 PM
208	Single track other modern interests.	2/6/2019 9:49 PM
209	Single track mountain biking would be a great addition to the park.	2/6/2019 9:10 PM
210	Make safety a priority please.	2/6/2019 7:59 PM
211	I'd like to see the parking by the chalet be more Eco-friendly, allowing water to percolate down instead of run off towards the spring. I'd like the muni to actively groom and maintain trails north of DeBarr Road. I'd like to dog park fenced to contain the damage, and an increase in parking near the dog park for those who use that facility. The ski signage is crazy: is it classic only or skate and classic? Either trails need to be widened to accommodate both styles or signage is needed and rules need to be enforced for users, including Jr Nordic parents walking on trails or taking dogs out on ski trails. I also miss the disc golf course.	2/6/2019 7:47 PM
212	Redo the trails, I had to fight tooth and nail to get the some of the awful large tree roots out of the West end off 20th removed. Huge holes in the trail down there not fixed.	2/6/2019 7:38 PM
213	Keep maintaining the cross country trails. They are wonderful when groomed!	2/6/2019 6:38 PM
214	lighting??	2/6/2019 6:27 PM
215	Encouragement of people to pick up after their dogs & themselves!	2/6/2019 6:16 PM
216	Single Track Bike Trails	2/6/2019 6:16 PM
217	It would be great to have better lighting on the paved trails (natural light or artificial - just depends on the portion of the trail itself.)	2/6/2019 4:05 PM
218	More mountain bike trails with signs	2/6/2019 3:52 PM
219	Paved trails should be redone, BUT NOT WIDENED (maybe even narrowed!) Bridge 1 (counting downstream from the springs) and the trail down the hill to it should be realigned. Light levels should be reduced at night (more light IS NOT safer). NO MORE graveling of game trails. No more pretending that every game trail is a "social trail". No more playing games with NECC, making the folk on the west side of the park look like shills (most of us AGREE with the NECC - the polar bear park is an abomination). Recommit the Park to diagonal skiing. Loose dogs on the main trails and the golf course especially when other people are present, and feces all over are unacceptable. We need park wardens walking the park daily making sure things are taken care of and people respect each other. All in all, I suppose it wold be fair to say the park cannot handle any new	2/6/2019 3:52 PM
	activities, and it wold be hard pressed to handle more users.	
220		2/6/2019 3:42 PM

222	It would be nice to have the second tunnel, the closure of the golf course, the lights on the trail from the lighted loop to Nunaka Elementary. It would be great to go back to having the trails double tracked and no skate skiers. It would be nice to have commuter traffic separate from dawdlers like myself.	2/6/2019 3:16 PM
223	Hopefully, the budget will be increased to where the Chalet (or at least the restrooms) can open earlier in the day.	2/6/2019 3:05 PM
224	Honestly I think it's perfect as it is	2/6/2019 3:03 PM
225	More rest rooms	2/6/2019 3:01 PM
226	nothing, keep as is with proper maintenance	2/6/2019 2:58 PM
227	No changes, I enjoy it as is. The chalet might be able to use a little paint and new carpet soon.	2/6/2019 2:49 PM
228	trail security patrol	2/6/2019 2:45 PM
229	more spots to stop and rest, more native landscaping, a botanical garden or arboretum designation	2/6/2019 2:27 PM
230	expanded playground	2/6/2019 2:26 PM
231	More grooming for classic skiing.	2/6/2019 2:25 PM
232	More extension trails.	2/6/2019 2:14 PM
233	I would like to see purpose-built mountain biking trails, perhaps in coordination with Singletrack Advocates. I believe that this will improve safety along with improved recreation opportunity by enhancing the number of park users on trails and thus discouraging illegal camping.	2/6/2019 2:05 PM
234	1. Need park benches, or some place to sit, installed at intervals along the upper trails. I am getting up in years and often find myself sitting on the ground for a rest. It's getting harder to get back up. Other times, it would be nice to just sit and enjoy nature. 2. More poop bags and garbage cans throughout dog park. Most of the time I have enough poop bags but every now and then I run out. Also, I often find full poop bags on the side of the trail. I like to assume the owners will retrieve them on their way back but often times they are forgotten and I end up retrieving them on my way out.	2/6/2019 2:03 PM
235	Upgraded trails and signage that can accommodate bikes, skiers, and walkers. More lighting. Some of the denser parts of the park could be opened up more. Get rid of old infrastructure that just feels creepy. Better connections to neighborhoods. Preserve the chalet as a great amenity for junior nordic, programs, and family events.	2/6/2019 2:00 PM
236	I like it the way it is. Don't mess with the trails.	2/6/2019 1:49 PM
237	More and better developed and maintained soft (non-paved or single track) trails	2/6/2019 1:40 PM
238	New greens! Single track bike trails.	2/6/2019 1:30 PM
239	The small parking lots have been a hub for abandoned cars and illicit activity, more light or visibility in these places	2/6/2019 1:29 PM
240	Less homeless so folks aren't uncomfortable using the parkespecially in winter when its dark	2/6/2019 1:25 PM
241	I like it the way it is.	2/6/2019 1:23 PM
242	See above	2/6/2019 1:22 PM
243	Better parking for events.	2/6/2019 12:56 PM
244	More mountain biking trails that are maintained. I think it would really cut the transient population and open up a whole new community to see how nice Russian Jack is.	2/6/2019 12:56 PM
245	Ice sculpture competition? Music festival with beer? Disc golf competition	2/6/2019 12:53 PM
246	Continuous trail upkeep	2/6/2019 12:48 PM
247	Anything that would improve the safety of the park. Stay vigilant and remove homeless camps on a regular basis.	2/6/2019 12:48 PM
248	I would like to learn more about the spring and see it developed as an alternative source of water to the Falls Creek Spring, with testing and improved access.	2/6/2019 12:36 PM

249		
	pedestrian crossings across Pine, improved bike connections from Pine to paved trail in park (at 9th? better connection through 8th parking lot), bike path along Pine north of Debarr like the south side, need path connection between Debarr tunnel and greenhouse, improve safety of chalet sledding hill, wayfinding for access points and unpaved trails, singletrack!	2/6/2019 11:54 AM
250	More mountain biking single tracks!	2/6/2019 11:51 AM
251	I would like if the paved path looped back to the south side parking lot parallel to Debarr.	2/6/2019 11:51 AM
252	Picnic shelters on north side in disrepair- appears a support post was set on fire.	2/6/2019 11:27 AM
253	Close areas to vehichle traffic	2/6/2019 11:26 AM
254	Singletrack mountain bike trails, dog park	2/6/2019 11:21 AM
255	Developing single track bike trails, having more activities at the chalet, maintaining lighting and signage and trash in the park and clearing out homeless camps	2/6/2019 11:08 AM
256	Bike repair stations, at least one, possibly more. Good trail lighting is essential in this park as it has a lot of ravine and morraine type topography that creates darker areas. It's well proven that lighting on Anchorage trails leads to quantum increases in trail usage, particularly in the winter.	2/6/2019 11:00 AM
257	1.Widen, repave, and light trails for year round biking and walking. Safer to commute through park trails than plowed over sidewalks in winter. 2.Do not post location of springs. Would cause possible illegal camps and troubles. 3.Smooth & widen unpaved trails in underused areas. Pave them with mulch or gravel to create safe clear trails with minimal damage to trees. These trails would reduce spiderweb trails, & increase safe trail use in peaceful areas of the park by legitimate users of all types. 4. Accommodations for year round biking as an alternative to driving. This is an economical & enjoyable form of transportation. This reduces traffic, pollution, and health care costs. 5.Reduce trees right next to trail to increase visibility of moose and other users. Does not have to be as wide as a highway. Reducing trees next to the paved and unpaved trails helps reduce damage caused by roots. Hence less maintenance and longer life of infrastructure. 6.Increase visibility in areas to reduce illegal activities. 7.Create a large lighted loop spanning both sections of the park for walking, skiing, running, and biking. 8.Add DeBarr tunnel, and improve existing DeBarr tunnel. 9.Improved connection between North and South part of Park.	2/6/2019 10:47 AM
258	I would love to see some trail upgrades, a park map, and signs.	2/6/2019 10:45 AM
259	Some of the social trails could be improved.	2/6/2019 10:42 AM
260	better pavement on both south and north R.J.	2/6/2019 10:15 AM

274	Something that brings more activity through the park. Public outreach seems like the best tool. Active patrols to remove the camps; I don't feel safe in the park anymore. Redesign or remove Boniface east access parking lot for SRJP; serves as a drug dealers bazaar in current setup. This used to be access for drive in campers which is not done anymore. The current tear drop loop is cumbersome to get into and too secluded. It should be more like Muldoon Park's north parking across from Carr's on northern lights open, small and visible. Oh yeah bring frisbee golf.	2/6/2019 1:39 AM
275	No homeless camps, no drunk/ belligerent golfers, police patrol, playground with climbing equipment for kids.	2/5/2019 11:53 PM
276	More covered picnic areas. Better maintained and monitored playground and softball areas.	2/5/2019 11:22 PM
277	A plan to evaluate personal safety on the paved trail system and to consider reconfiguring or slightly rerouting trails, reducing underbrush, providing some sort of active security (patrols, cameras, callboxes) to make travelling from Nunaka Valley thru the Pine Street apartments and on to the East High School a safer experience. Realign a few sharp curves on the paved trails (such as the junction at Pine Street apartments. Provide training for volunteers to help out grooming the trail system for skiing in the winter. There are some motivated skiers and Jr Nordic parents who would be interested. Reconfigure locations of light poles on the sledding hill so they are not hazards for sledders or skiers. Repair or rebuild the broken paved trails - many are heavily rutted and crumbling at the sides.	2/5/2019 11:14 PM
278	Stay basically the same, please	2/5/2019 10:42 PM
279	Keep up with the homeless camps	2/5/2019 10:01 PM
280	I guess I would hope that for some of the more boggy areas of trails in Russian Jack that an upgrade could be made - even putting down a little gravel or sand to build up the trail over the bogginess.	2/5/2019 9:49 PM
281	I think it would be cool to have neighborhood schools somehow involved with the park, as part of a community service/outreach/project based learning program. I teach at Russian Jack and am always surprised at how many kids don't go to the park or know much about it. This would help the park and help kids learn about giving to their community.	2/5/2019 9:46 PM

288	More security in the parking lots.	2/5/2019 8:43 PM
289	The Russian Jack chalet is now approaching 40 years old. It's time to replace that outdated and tiny facility with a much larger and more modern facility (like the Kincaid chalet)!	2/5/2019 8:40 PM

299	Please try to keep the park intact and no development. No sports fields, please. Nunaka Valley Park has been ruined over the years. We've lived in the same house on the park for 25 years. Try to preserve this area, not develop it. Thank you.	2/5/2019 7:43 PM

1	My family I and I love and have a deep attachment to this park. I learned to ski there as did my daughter in Jr Nordic.	3/18/2019 10:15 AM
2	Take care of the park. More people use that park than you think. There are many entrances to that park. The Chalet is not a rental facilities. Also the Chalet should be kept open year round and not shut down for your convenient.	3/9/2019 6:30 PM
3	Protect it as best you can.	3/7/2019 7:34 PM
4		3/5/2019 10:03 PM
5	I recall making a left hand turn out of the park can be difficult sometimes. Perhaps it makes sense to relocate the entrance to another location.	3/5/2019 10:55 AM
6	I wa t to see the railroad stay. It's a great things to bring kids and family to.	3/3/2019 11:48 AM
7	I have been using this park since I was a little girl. Making it safer and more nature programs is all I ask.	3/3/2019 8:33 AM
8	None.	3/1/2019 9:49 PM
9	I love this park. I live about 10 minutes away by foot. I frequently walk there and just trump around the woods. It refreshes my spirit.	3/1/2019 3:11 PM
10	I love this park and that it is right in Anchorage but I don't feel very safe in it. It also feels run down compared to other parks.	3/1/2019 8:33 AM
11	Just needs well marked trails and lighting	3/1/2019 6:24 AM
12	I like having some classic only ski trails don't want only multi-use trails	2/28/2019 5:50 PM
13	It would be nice to attract Anchorage's very active and community oriented ski/run/bike community into the park.	2/28/2019 5:23 PM
14	Consider allowing leashed dogs on golf course.	2/28/2019 4:24 PM
15	My husband and I got married on a one of the bridges just past the spring. It is a special place to us.	2/28/2019 3:14 PM
16	Keep the park green and don't add more parking lots.	2/28/2019 10:36 AM
17	If camp abatement are part of the plan or its implementation, I would ask that it be considered that most people who camp for a place to live are neither criminals, nor seriously mentally ill. I urge all actions to improve the camps include an awareness of the scarcity of shelter beds in anchorage, and the dangers they face from cold, chronically damp sleeping spaces, chronic thirst and medical vulnerability. Thank you for your work.	2/28/2019 10:20 AM
18	The park feels as though it were designed for people to commute to it via car and park in the large parking lots. I would like to see a connection to the neighborhood reflected in the design.	2/28/2019 12:26 AM
19	If their was purpose built mountain bike trails in the park it would give the local kids a without cars a easy accessed venue for outdoor recreation. Because of the increased people presence in the park it may cut down on the homeless camps and illicit drug use.	2/27/2019 3:28 PM
20	Improving the sense of security will be the greatest help to the park.	2/27/2019 2:05 PM
21	Don't develop too much. Keep it "woodsy".	2/27/2019 1:15 PM
22	Russian Jack is a great park, but tends to be creepy and unsafe at times. The downed trees and excessive foliage allow hidden homeless camps and fire hazards.	2/26/2019 5:54 PM
23	Please don't let one individual with an anti-mountain bike position stop trail development which will transform this park into a much safer destination for all. Trails with traffic discourage homeless camping, crime in the park.	2/25/2019 7:15 PM

24	If most people drive to polar bear park (which seems to be the case) why was half a million dollars spent building a playground just a few yards away from 4 other playgrounds? Use old campground in NE for 10 site homeless camp patrolled with APD and staffed with Social workers.	2/25/2019 12:12 PM
25	Who represents people like me on you advisory group? Were these people really all privately handpicked like the old timers from the other side of the park said?	2/25/2019 11:25 AM
26	though my cc is RJCC, I attended an NECC meeting about the single track project because it seemed only the NECC was pushing for details. When an older guy was presenting maps showing how much the park is used by walkers, it seemed that parks people were snickering and then the head guy said something like the master plan will include that anyway, so why wait maybe we should fire the lot of you?	2/25/2019 11:12 AM
27	To cut costs, the snow grooming could be cut to half, saving thousands of dollars! Not many, ski N. Russian Jack section! Encourage more to ski the S. Russian. Leave the North for walking! ALSO! Golf is not good for the environment and is EXPENSIVE to maintain! The majority of folks, DO NOT have nor can afford golf clubs, put this land to more "common" area use, please!	2/25/2019 11:06 AM
28	Keep these important services	2/24/2019 3:57 PM
29	Safety is a big concern, but I stay with the crowd and pack well	2/24/2019 3:16 PM
30	I am against added single trails for bikes because they would scar the habitat. We need to keep the multi-use trails we have the way they are now.	2/23/2019 4:14 PM
31	RJ park is a treasure tied in by trails to the greater Muni llove the rr clu	2/23/2019 4:10 PM
32	Thank you for all the work!	2/23/2019 4:08 PM
33	Nice park.	2/23/2019 1:27 PM
34	I love the park on the south side of Debarr, we stay away from the north side. We don't feel safe at the playground or crossing under Debarr. Is there a plan to address safety?	2/22/2019 8:31 PM
35		2/22/2019 2:45 PM
36	I love the greenhouse but I wish I had more reasons to go there.	2/22/2019 2:38 PM
37	The higher the use and development of activities in a park, the less vagrancy will occur.	2/22/2019 8:11 AM
38	I am a firm believer in trails and am a trail user. However, as a life-long resident of Anchorage, I am concerned that there are fewer and fewer trailless areas within the municipal park system. For example, I feel that Kincaid Park has been overdeveloped.	2/21/2019 3:45 PM
39	Despite the representations of P&R, P&R has largely engaged in preparing a foundation for a plan without ANY public input, has offered one of the most pathetic surveys seen in the MOA to date, and has failed to share virtually any work it has allegedly done to date. It has grossly failed to collaborate with other agencies, and has intentionally acted to exclude members of the public from involvement in the CAG. Lastly, I would like to see the results of this survey made public NOW:-) And I am curious when there will be a workshop promoting materials requested by the public, at Nunaka Elementary.	2/21/2019 3:13 PM
40	The north side seems underutilized and dreary. Improving the trails and enticing more skiers to well groomed, wider trails would be nice and would make the park feel safer and more enjoyable.	2/21/2019 12:59 PM
11	I like softball	2/20/2019 4:35 PM
12	Park Rangers!!	2/20/2019 10:14 AM
43	While I appreciate the popular idea of getting more people into our parks for health and safety, one of my favorite things about Russian Jack Springs Park is that with the exception of orienteering or hiking with my group, I rarely come across others in the park and love the feeling that I have the whole place to myself. I would hate to see it become too crowded with activity and lose its special feel.	2/19/2019 12:28 AM
14	Please keep activities like the greenhouse, the railroad club, and the storytime at the chalet. Even though we don't go frequently right now (we have a baby), I love knowing this park and those activities exist and look forward to going there more often when our baby is older.	2/18/2019 6:04 PM
45	Remove the homeless camps	2/18/2019 5:15 PM

47	For 35 years the Northern Lights Model rr Club has been one of the really fun things in the Park. We get several hundred visitors to our open house hours during Fur Rondy, and often a tv coverage	2/17/2019 11:39 PM
48	Not that I can think of a this time	2/17/2019 8:32 PM
49	The RJS facilities needs to have consistent management emphasizing youth programs to encourage positive use of the natural areas as well as the softball and soccer fields The playgrounds and skate park have been welcome additions to the neighborhood	2/15/2019 8:07 PM
50	Its one of the best places to bring first time cross country skiersrelatively flat terrain on golf course but with some hills, short loops, not crowded and beautiful setting.	2/15/2019 5:56 PM
51	DO NOT expand the golf course!	2/15/2019 3:47 PM
52	My most recent experience in the park was with my children's school. My daughter's kindergarten class did a field trip to the park to explore and treasure hunt various natural items and picnic. They also had an artist lead them through a sketching/drawing exercise in the greenhouse. They all got to create a detailed image of a leaf/plant/flower of their choice. It was very cool.	2/15/2019 3:19 PM
53	This is a beautiful destination park and asset. We should celebrate it and develop it further as an urban gathering space and a jewel of our city. A more developed landscape and site access celebrating local flowers and the greenhouse could make this a beautiful destination rather than just a tucked-away park.	2/15/2019 3:05 PM
54	There is an opportunity to build a new disc golf course on the east side of the south half.	2/14/2019 4:11 PM

56	Russian Jack is a great place to get out in the woods for fresh air and exercise. Let's keep it that way!	2/13/2019 11:22 PM
57	In case you get comments otherwise, I feel safe in the park, and occasionally see folks hanging out but appear harmless	2/13/2019 6:18 PM
58	I spend a great deal of time IN the park, as opposed to spending a few minutes passing through through the park, or fiddling on the edge of the park.	2/13/2019 5:53 PM
59	I like the trails. I am good with a combination of an off-leash dog area as well as on-leash trails. I would like the off-leash area to be expanded and secured.	2/13/2019 3:33 PM
60	Nice to have more trash bins around fields.	2/13/2019 11:59 AM
61	I have thought for a long time that the green space on the north side of Debarr Road would be great for a mountain bike skills park. I travel that area regularly and there is rarely anyone in that green space aside from transient/drug people and homeless.	2/13/2019 10:27 AM
62	Such a gem on the eas side	2/13/2019 9:13 AM
33	It's a great park for the East side of town, kind of a diamond in the rough.	2/12/2019 9:48 PM
64	Don't let a road go through the park.	2/12/2019 5:26 PM
65	Russian Jack is a wonderful community resource, it's great to see park improvements on Eastside/Muldoon.	2/12/2019 5:26 PM
66	1. The west side of south half usually has several camps, which are disconcerting and discourage use by general public. That trail needs to be improved and widened/hardened to encourage more use. 2. Return disc golf! There are gobs of disappointed would-be disc golfers in NE Anchorage. Disc golf requires much less maintenance than conventional golf, and could be free to public. Just mowing required (and not much of that!)	2/12/2019 3:16 PM
67	I know there is some opposition to bike trails but I rarely see anyone on the trails around the golf courses and it seems having more people use them would make it safer for all	2/12/2019 2:38 PM

69	We need to remember all of the children in this area and expand activities, play alternatives and make it welcoming to the lower income community along with users who like to use the park but may travel a short or long distance.	2/11/2019 7:21 PM

71	Thanks for all the beautiful greenbelt parks :)	2/11/2019 3:14 PM
72	This is an urban park that serves a lot of people each with different wants. This park is serving more people now than when it first was established, so we need to be more inclusive of all needs. If the old campsites are no longer being used, take the signs down. That area should be repurposed into something else.	2/11/2019 3:04 PM
73	NO additional trails to be developed, we DO NOT need any new mountainbike trails in Russian Jack	2/11/2019 12:59 PM
74	Russian Jack has so much potential. With an improved trail network it could be more of a destination. There is topography to use and the social trail network could be overhauled with more of a vision.	2/11/2019 10:44 AM
75	More mountain biking.	2/11/2019 9:26 AM
76	I hope you guys consider the idea of building a dirt jumps at Russian Jack. Bikers in Anchorage need you!	2/10/2019 9:55 PM

82	Please do not let the land within this park be segmented and sliced up by aggressive user groups.	2/9/2019 10:09 PM
83	Having lived in the Russian Jack community for 30 years. I am okay with improvements that do not impinge upon the relatively untouched areas of the park.	2/9/2019 8:35 PM
84	Do not overdevelop.	2/9/2019 2:38 PM
85	Thanks for upgrading our east side park!	2/9/2019 9:14 AM
86	You don't need to build new trails, but you can add dog walking routes. Have police officers, or park reps, occasionally walk the park trails in the evenings. This will help keep the feeling of security up in this area. And keep the turds out.	2/9/2019 8:08 AM
87	It is a wonderful place! The current longest wooded downhill XC ski runs should be kept!	2/8/2019 11:37 PM
88	I love Russian Jack, thank you for all you do to keep it a great place	2/8/2019 10:39 PM
89	We must sell strips of the park along Debarr and Pine roads to yield \$60 million in revenue and to build a lot of new homes. Those strips are not used by anyone inside the park. The bike paths and sidewalks would still be useable by the public after houses are built. This would cut down on crime and on illegal homeless people living in the park.	2/8/2019 7:39 PM
90	The park is a beautiful oasis.	2/8/2019 6:14 PM
91	The ski trails are groomed infrequently in the winter. Ski trails are best if groomed frequently. NSAA does a great job of grooming other Anchorage trails. They would do a better job than the current grooming. Consider giving them the municipalities grooming equipment and letting them groom the trails.	2/8/2019 4:51 PM
92	A fuller use of the Russian Jack dog park would take some of the pressure off University Lake. People don't believe there is a dog park here because of lack of signage	2/8/2019 12:35 PM

94	I would love to see the addition of edible landscaping including fruit trees and raspberry canes. A community garden would help support resilience and helathy food choices in the neighborhood.	2/8/2019 11:52 AM
95	I would suggest that we consider maintaining the amenities that we already have rather than introducing additional maintenance loads to the already strained muni system. Is there a program for business groups to "adopt" portions of our in-city parks to mantain/litter pick. Thank you for producing this survey!!	2/8/2019 11:47 AM

103	I do like the idea of some winter and summer single track bike trails; I believe this will attract more people, especially beginners, and cut down on shady activities/crime in the area. Having said that, I'd like the wooded nature preserved as much as possible.	2/7/2019 9:32 PM

156	1.I do not feel it is an priority to include educational information about the park's history throughout the park. I feel park history is not important to most users of the park. 2.Priority of spending should be making the park safe & enjoyable for the broadest spectrum of users and potential users. Money is limited. Bonds need to appeal to the majority of citizens, if they are to be approved Lighting -Improve trails, paved and unpaved -Field access -Safe & easy access -Paved & light parking areas -Limb up trees in areas -Greenhouses -Golf -Remove unused buildings & foundations -Block some areas to eliminate illegal vehicle traffic -More bear proof cans and Mutt Mitts -Appropriate rest rooms for each areas use, Rent a Cans may be the best option for summer and winter May be difficult to have permanent and accessible water and rest rooms due to inaccessibility to utilities -Add tunnel under DeBarr -Increase height, width, and lighting of existing Debarr tunnel -Light the trails on the north side of the park to create a large loop including both sections of the park	2/6/2019 10:47 AM

166	I used to commute through the south half of the park on a daily basis, the access points and trails within and around the park are quite complementary to the city infrastructure. Usership seems to have declined and problems have populated the park in recent years, so I stopped riding through it and now I drive. While there are multiple problems that caused the decline, one simple thing I've noticed is that if you don't know anything about the park there is very little in the way of public information posted in or around the park. A series of wayfinder signs in and around the park I think will help steer people onto the trail system. One example that comes to mind is the pathway through Nunaka starting at Perry Street. No one realizes that there is a trail that goes to an intersection with a tunnel where you can access either side of Boniface. The result is a lot of kids and adults mostly walking Boniface on the shoulder or on the grass hill and crossing over the tunnel behind the guard rail and between the fence. A series of guide signs could help people like that find safe access and maybe make the decision to cut through the park. I think a similar example can be found on any side of the park.	2/6/2019 1:39 AM
