## History:

In 1972 Scenic Park Elementary PTA requested this property be acquired for parkland. A resolution was passed in 1972 to acquire several parcels for parkland within the borough & this was included in the package. The land was purchased in August 1972. The park began actual development in 1978. The community helped plan what activities they wanted in the park. In the late 1980's a lighted pathway was built from 36th Ave. to Scenic Park School. In 2003 vandals burned down the play equipment.

This park was developed with LWCF monies.
