

JBER Route Alternatives

The intent of this route proposal would add service to Joint Base Elmendorf-Richardson connecting key points on base to Downtown. Both alternatives start/end at the Downtown Transit Center and travel through the Government Hill Gate, serving the Elmendorf & Buckner Fitness Centers, along with the Hospital, Library and Base Exchange.

Option 1: travels out to the Richardson (D St.) Gate where the route ends and starts its return.

Option 2: travels out to the Muldoon Gate where it ends, connecting with Valley Transit and People Mover - Route 25, at the VA Clinic.
