

# Route 92 - Eagle River realignments

The intent of this realignment is to make things more functional and useful to different areas of Eagle River.

**Route 92** - Instead of traveling on VFW road, the alignment alternatives include all of Eagle River Loop Road, or Eagle River Road to the intersection of the ER Loop Road, to the Hiland Exit ramp and into Anchorage. No route changes to the VA Clinic area or Downtown Anchorage parts of the route.

# Route 92 Extension North

The intent of this extension is to further encourage commuter Route 92 service and make it more useful to more of Chugiak and Birchwood areas.

**Route 92 Extension North:** This version of Route 92 would start and end at the North Birchwood Park & Ride. It would service the South Birchwood Park & Ride, the Eagle River Transit Center and continue into Anchorage via the VA Clinic and end Downtown. *(Alternative option to travel along the Old Glenn Hwy.)*
