

New Route - **EXPRESS** - Downtown / **Dimond - via C Street**

The intention is to create an express route connecting South Anchorage and Downtown, which could run on frequencies from 10 to 15 minutes at peak, with limited stops along the C Street corridor. This service could act as a Bus Rapid Transit (BRT) service in connection with the Seward/Glenn P.E.L. Study recommendations, alleviating some traffic along the Ingra/Gambell corridor.
