

# New Route - Joint Base Elmendorf - Richardson

The intent of this route proposal would add service to Joint Base Elmendorf-Richardson connecting key points on base to Downtown. Both alternatives start & end at the Downtown Transit Center and travel through the Government Hill Gate, serving the Elmendorf & Buckner Fitness Centers, along with the Hospital, Library and Base Exchange.

**D Street Gate - Option 1:** travels out to the Richardson (D St.) Gate where the route ends and starts its return.

**Muldoon Gate - Option 2:** travels out to the Muldoon Gate where it ends, connecting with Valley Transit and People Mover - Route 25, at the VA Clinic.
