

TRANSIT ON THE MOVE

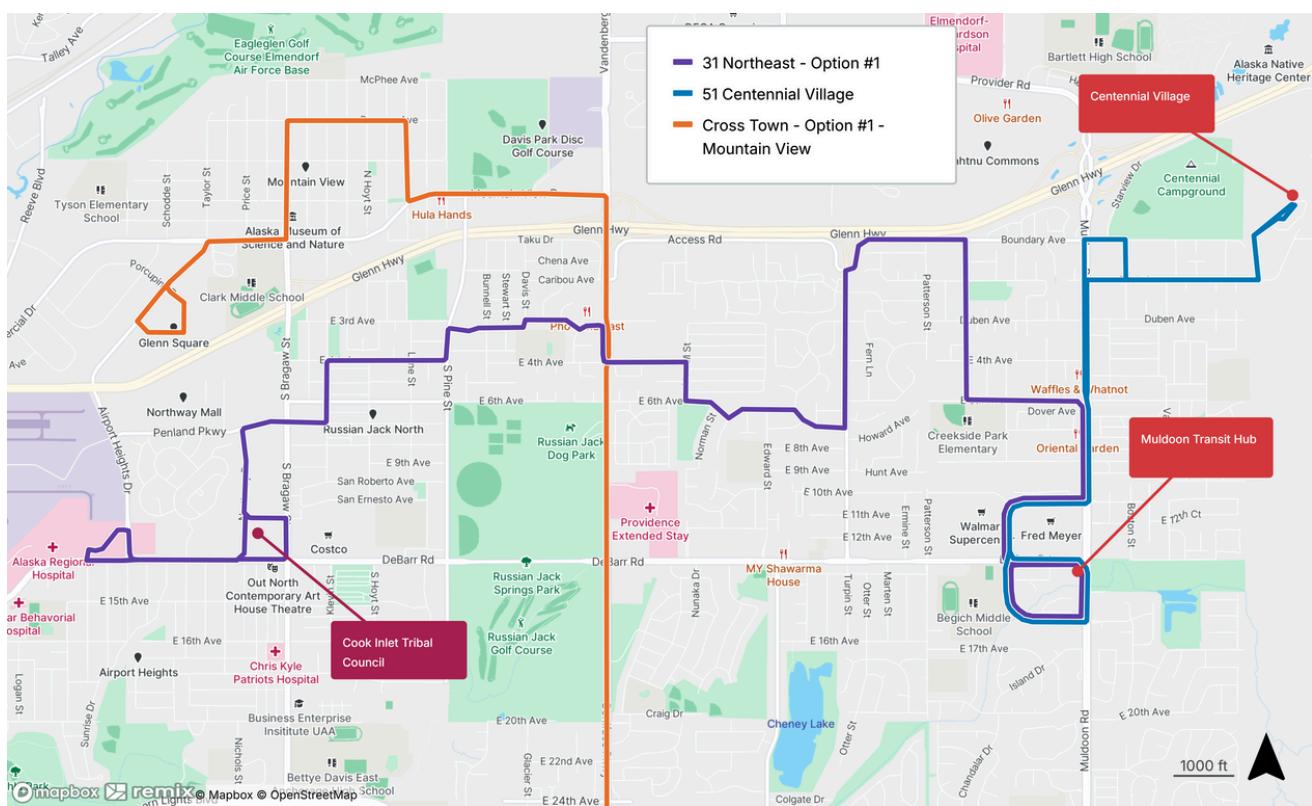

Route 31 - Northeast Anchorage

Realignment Options

*With the implementation of the Cross Town Route in Mountain View, Route 31 could be realigned to connect to the Alaska Regional Hospital campus.

Route 31: Would no longer serve North Mountain View and would give riders one seat ride opportunities from Alaska Regional Hospital to the Muldoon Transit Hub.

Route 51: Would not change and still provide service from the Muldoon Transit hub to Centennial Village.

A more zoomed out view of this realignment option looks like this:
