

Route 92 - Eagle River realignments

The intent of this realignment is to make things more functional and useful to different areas of Eagle River.

Route 92 - Instead of traveling on VFW road, the alignment options include all of Eagle River Loop Road, or Eagle River Road to the intersection of the ER Loop Road, to the Hiland Exit ramp and into Anchorage. *(No proposed route changes to the VA Clinic area, or Downtown Anchorage parts of the current route.)*
