Route **91** is your new commute!

Route 91 is a new loop that provides limited-stop service along Old Seward Highway between the Dimond Transit Center and Huffman Business Park. Operating four trips per day with 22-foot buses, it gives you two departure choices during the morning rush coupled with two return trips at the evening rush. It's a convenient way to access everything the new People Mover System has to offer.

We look forward to seeing you on board!
