PROPOSITION 1

REGULATING ACCESS TO FACILITIES SUCH AS LOCKER ROOMS AND BATHROOMS ON THE BASIS OF SEX AT BIRTH, RATHER THAN GENDER IDENTITY

This proposition enacts a law that, among other things, would:

1. Require all multiple occupancy changing facilities and restrooms that are owned or operated by the Municipality to be designated for, and used only by, persons of the same "sex," except: (a) for custodial or maintenance purposes, when the facility is not occupied by a member of the opposite sex; (b) to render medical assistance; (c) in the circumstance of a caretaker accompanying a disabled person for the purpose of allowing the disabled person to use the facility; (d) for minors under the age of 8, when the minor is with a person caring for the minor, and (e) for certain emergency and other situations;
2. Provide that employers, public accommodations and other persons may establish and enforce sex-specific standards or policies concerning access to "intimate facilities," such as locker rooms, showers, changing rooms, and restrooms;
3. Define "sex" as an individual's "immutable biological condition of being male or female," as determined by "anatomy and genetics at the time of birth"; an individual's "original birth certificate" could be relied upon as "definitive evidence" of the individual's sex;
4. Define "multiple occupancy changing rooms and bathrooms" as facilities designed or designated to be used by more than one person at a time where persons may be "in various states of undress in the presence of other persons"; such facilities would include, but not be limited to, locker rooms, shower rooms, changing rooms and bathrooms;
5. Declare a policy that persons using such facilities owned or operated by the Municipality have a right to "physical privacy" that includes the right "not to be seen in various states of undress by members of the opposite sex"; and
6. Delete the requirement in current Municipal Code that entitles persons to use restrooms, locker rooms and dressing rooms that are "consistent with their gender identity"; Municipal Code provides that a person's "gender identity" means his or her "gender-related self-identity, as expressed in appearance or behavior, regardless of the person's assigned sex at birth," which may be established by medical history or, among other things, evidence that the gender identity is "sincerely held, core to a person's gender-related self-identity, and not being asserted for an improper purpose."

Shall this proposition become law? (Initiative Petition 2017-2)

PROPOSITION 9
**CHARTER AMENDMENT REGARDING PARKING ENFORCEMENT IN GIRDWOOD, PERMITTING
POSSIBLE DELEGATION OF RESPONSIBILITIES IN THE GIRDWOOD VALLEY SERVICE AREA TO
THE WHITTIER POLICE DEPARTMENT**

The Anchorage Municipal Charter currently provides that, except for violations that occur within a specified area in downtown, parking violations may only be enforced by employees of the Anchorage Police Department. This proposition would amend the Anchorage Municipal Charter to allow the Assembly to delegate the enforcement of parking violations in the Girdwood Valley community to the employees of any police department where police protection services are authorized to be provided in a service area.

If approved, the proposition would allow, but not require, the Assembly to delegate the enforcement of parking violations that occur within the Girdwood Valley Service Area to the Whittier Police Department, which is currently providing police protection services to the GVSA on a contractual basis.

Specifically, this proposition would amend sections 21.01 and 21.02 of the Charter to read as follows: (**Underlined and bolded words** are proposed new words; ~~strikeouts~~ are proposed deletions.)

Section 21.01. Vehicle violation enforcement.

(a) **Except as otherwise provided in the Charter,** ~~n~~No enforcement of any vehicle violation, whether the vehicle is parked or in motion may be performed **in** by the Municipality of Anchorage by any persons other than a regularly sworn police officer who meets the standards set forth in A.S. 18.65.290(~~7~~5)(A) or (B). Such enforcement includes, but is not limited to, any and all civil or criminal statutes, codes, ordinances or regulations which apply to the regulation of vehicles and which currently exist or may exist in the future.

(c) **The Municipality may, by ordinance only, delegate enforcement of parking violations in the Girdwood Valley community, when a service area in the community is authorized to provide police protection services, to the employees of any police department.**

Section 21.02. Prohibited vehicle impound, towing and transportation from public streets and emergency exception.

No vehicle may be impounded, towed, or transported from upon the public streets in the Municipality of Anchorage without the written permission of either the owner or the operator of the vehicle, a valid court order, or unless an impound notice is placed on the vehicle by a police officer qualified as set forth in Section 21.01 above, or by other employees of ~~the Anchorage~~ Police Department as may be delegated by ordinance. This shall not prohibit necessary emergency action in the event that a vehicle presents an immediate threat to life or public safety.

Shall the Charter be amended as set forth above? (AO 2017-165(S))

PROPOSITION 10

CHARTER AMENDMENT AND SALE OF ML&P TO CHUGACH ELECTRIC

If approved by a majority of qualified voters voting on the question, this proposition would amend the Anchorage Municipal Charter and authorize (but not require) the Municipality to sell by Assembly Ordinance approved no later than December 31, 2018, the assets and business of Municipal Light & Power (ML&P) to Chugach Electric Association, Inc. (Chugach Electric).

Chugach Electric proposes to acquire ML&P assets in a transaction that, among other terms, would include:

- **Payment of Competitive Value.** Chugach Electric would pay a competitive value of approximately \$1 billion for the acquisition of ML&P, subject to adjustment during the due diligence process.

Proceeds will be used to:

1. Retire ML&P and Municipality of Anchorage debt;
2. Replace ML&P's current payments in-lieu-of-tax to ensure that property and other taxes subject to the tax cap cannot rise as the result of the sale; and
3. Fund the MOA Trust Fund. The MOA Trust Fund is a permanent, protected fund with dividends payable only in accordance with a controlled spending policy adopted by law.

Any change in the use of the proceeds may be made only with approval of the majority of qualified voters voting on the question.

- **Retention of Employees.** Chugach Electric would commit to not lay off any ML&P or Chugach Electric employees as a result of the transaction, and would succeed to all rights and obligations of the collective bargaining agreement covering ML&P employees.
- **No Increase in Base Rates.** Base rates for existing ML&P and Chugach Electric ratepayers would not increase as a result of the transaction.

This proposition would specifically amend Article XVI *Municipal Utilities* of the Anchorage Municipal Charter to add a new section as follows:

Section 16.04 Disposal of Municipal Light & Power to Chugach Electric Association, Inc.:

Disposition of Proceeds.

- (a) **ML&P to Chugach Electric.** In addition to the disposal options provided under section 16.02, and notwithstanding any other provision of this Charter to the contrary, the Municipality may by ordinance approved no later than December 31, 2018 sell, lease, or otherwise dispose of all or part of the assets and business of Municipal Light & Power to Chugach Electric Association, Inc.
- (b) **Disposition of Proceeds.** Notwithstanding any provision of this Charter to the contrary, a portion of any annual payment received by the Municipality in a transaction described in section 16.04(a), equivalent to the Municipal Utility Service Assessment that the Municipality would have received from ML&P had the transaction not occurred, shall be deemed and treated as a “payment in-lieu of taxes” for the purposes of section 14.03(a)(1), and shall be available to the Municipality for appropriation. All other proceeds of the sale of ML&P received by the Municipality shall be disposed of in accordance with section 13.11.

Shall the Charter be amended, and the Municipality be authorized (but not required) to sell all or part of ML&P to Chugach Electric and dispose of the proceeds of sale, as described above? (AO 2018-1(S))

PROPOSITION 11

LARGER RESIDENTIAL REAL-PROPERTY TAX EXEMPTION

This proposition would increase the residential real-property tax exemption to provide that 20% of a residential real property’s value may be exempt from taxation, up to a maximum of \$50,000. Currently, 10% of a residential real property’s value may be exempt from taxation, up to a maximum of \$20,000.

Shall the residential real-property tax exemption be increased, as described above? (AO 2017-154)

PROPOSITION 12

**ANNEXATION OF THE EAGLE RIVER VALLEY AREA
TO THE ANCHORAGE FIRE SERVICE AREA**

This proposition expands the boundaries of the Anchorage Fire Service Area (AFSA) to include the parcels and areas in the northeast area Eagle River Valley that are currently not in a fire service area. The Eagle River Valley northeast area to be annexed is substantially as depicted in Exhibit A attached to AO 2018-3(S), As Amended, and described in Section 3 of that ordinance. The proposed boundaries of the area to be annexed will include all privately owned parcels of land in the Eagle River Valley from the eastern boundary of the current AFSA, which intersects Eagle River Road at mile 5.84, to the John Barclay Homestead parcels to the southeast past the end of Eagle River Road and Cumulus Road and between, on the southwest side, the southwestern banks of the channels of Eagle River from a point of even latitude with the parcels at the end of Cumulus Road downstream to the point Eagle River crosses the eastern boundary of the current AFSA, and on the northeast side of the valley, the ridges of Mount Magnificent and Pecking Mountain. If this proposition is approved by the voters, beginning with the 2019 tax year the taxable property in the annexed Eagle River Valley northeast area would be levied and taxed with the AFSA mill rate annually, and no increase in taxes is expected for properties within the current AFSA as a result of this expansion. The annexation of the Eagle River Valley northeast area to the AFSA will become effective only if both the voters in the area to be annexed, and the voters in the existing AFSA, separately approve this proposition by a majority of the qualified voters voting on the question in this election.

Shall the Eagle River Valley northeast area be annexed to the Anchorage Fire Service Area effective January 1, 2019? (AO 2018-3(S))
