Dear Community Council Representatives,

The annual review of Anchorage's capital project needs is beginning again, and the Community Council Survey is the first step in this process. Input from your Community Council is an important factor in assessing capital project needs and developing the 2023-2028 Capital Improvement Budget/ Program (CIB/CIP).

The Community Council Survey is available online beginning April 1 at <https://www.muni.org/communitycouncilsurveys/homepage/>. Projects listed are those currently included in the approved 2022-2027 Capital Improvement Program (CIP). The Primary Goal of the survey is to have Community Councils provide an overall priority ranking of all capital projects in their area and suggest any additional projects. Feel free to keep projects on this list for future years. The deadline to complete the survey is June 15, 2022.

This administration is looking forward to working with you and your councils in the years to come. Thank you for your service to this Municipality.

Best,

Dave Bronson
