

## PRESS RELEASE

### **Anchorage Assembly Announces Thorough Public Process for Deliberation of COVID-19 Relief Dollars**

March 15, 2021

FOR IMMEDIATE RELEASE

The Anchorage Assembly has released its plan for a thorough public process to determine the allocation of new COVID-19 relief dollars.

Last week, President Biden signed the American Rescue Plan Act of 2021, a \$1.9 trillion coronavirus relief bill.

This COVID-19 relief bill allocates \$120 billion for city and county governments to mitigate the impacts of COVID-19. Although the amount is still unknown, the Municipality of Anchorage is expected to receive a considerable sum of dollars to continue our efforts to mitigate COVID-19.

The Municipality of Anchorage will be receiving this money in two tranches, with 50% of the dollars received within 60 days of the signing of the bill and the other 50% received 12 months later. Treasury will be releasing additional information in the coming weeks, both about the COVID-19 relief we are expecting as well as other tranches of dollars the MOA may be receiving.

As a reminder, the MOA received \$156 million last year through the CARES Act and a variety of programs were created to assist our community with those dollars, including small business relief, tourism relief, hospitality relief, rent and mortgage relief, and more.

Below is the process the Assembly will be engaging in beginning this Friday:

#### **Phase 1: Assess, Review, Public Dialogue, and Initial Allocations**

- Friday, March 19, 11:10 a.m. to 4 p.m., In-Person Worksession in the Assembly Chambers with meeting Live Streamed on YouTube and GCI Channel 9

  - o The Assembly will be reviewing the framework and priorities document adopted during the first round of COVID-19 stimulus in 2020.
