Measure #1: Costs to produce payroll checks.

Type

Efficiency

Accomplishment Goal Supported

Reduce the costs associated with making payroll payments (direct deposit and checks) to employees and eliminate processing errors.

Definition

Measure the efficiency of the payroll process by focusing on costs associated with paying employees.

Data Collection Method

The calculation is performed by dividing the total costs of the central payroll department by the number of biweekly payments made to employees and maintaining an accurate count of corrections made to employee's pay advice.

Frequency

The measurement will be performed at the beginning of each quarter.

Measured By

The Payable Supervisor will maintain an excel spreadsheet with information pulled from PeopleSoft and maintain an accurate count of processing errors.

Reporting

The controller will maintain a quarterly and annual report of costs to produce payroll advices and corrections to employee's pay advice.

Used By

The payroll supervisor, controller and CFO will use the data to gain an understanding of the costs associated with managing a centralized payroll department
